The Observatory

Being fully aware that we own no immunity to the commission of error; hoping earnestly that our critics will not lightly cast aside this opportunity to achieve divinity; feeling that we have given of our best in the compilation of this yearbook, we of the class of Nineteen Hundred and Thirty-two respectfully submit this centennial volume for the approval of the University and its friends.

The Library

Chapel Tower

Because she has completed a century of life that has been crowded with ineradicable achievements in her field; because her Founders built into her very walls their burning idealism, their earnest desire that posterity receive the greatest possible good from the work of their hands; because by the realization of their dreams they have enabled countless young men and women to turn their visions into actualities; because she now stands on the threshold of a new era of educational progress, we of the Junior Class dedicate this book to the University.

THE UNIVERSITY

Upper Plaza

ELMER E. HOPKINS, University treasurer, passed away at his home in Granville on July 7, 1930. Endeared to all who came in contact with him during the 24 years he spent in the bursar's office serving generations of Denisonians, Mr. Hopkins justly deserves a place on the long list of honored men who have nobly contributed to the cause of Denison University.

IN MEMORIAM

ROWLAND A. SHEETS, a professor in the department of mathematics, died December 4, 1930, in Colorado springs, Colorado, where he had been resting in the hope of regaining his failing health. Truly a genius with an inspiring record behind him and the promise of years of service to the world ahead, Mr. Sheets was taken in the prime of life.

ATHLETICS

Modern college boys and girls demand sports. ABOVE: Deeds' field supplies the playground for Denison in Football—Track.

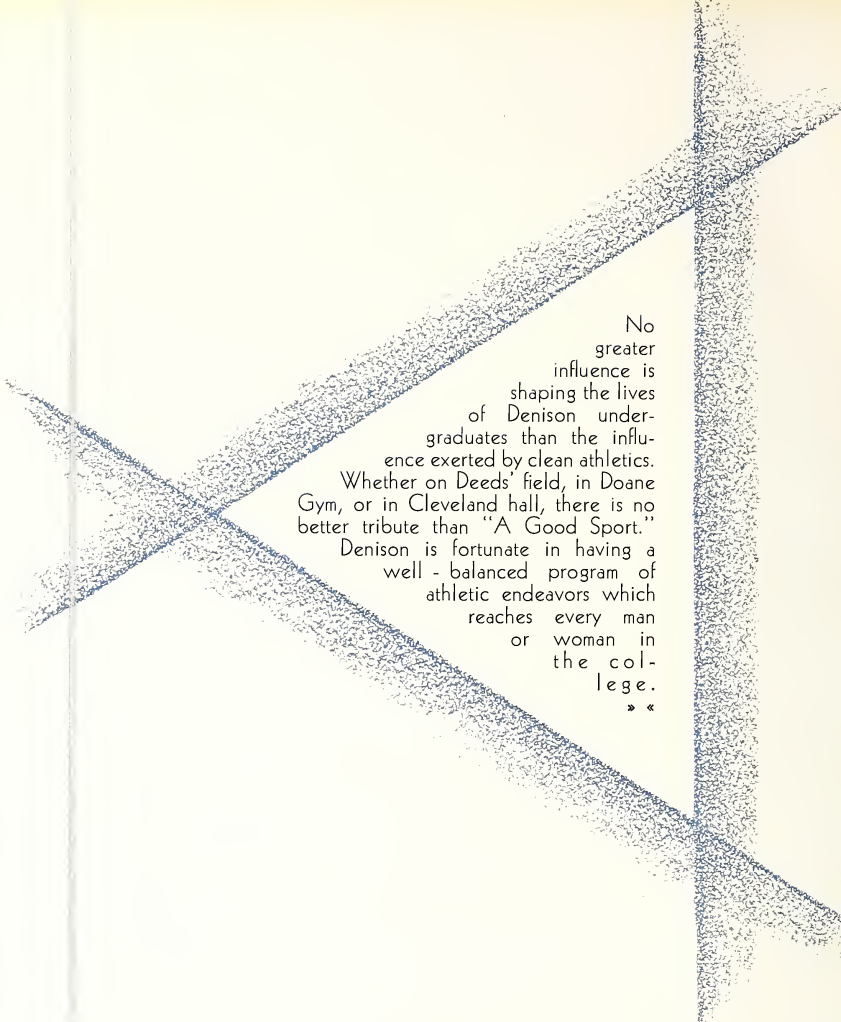

Denison men and women are exponents of athletics that are without comparison for the sportsmanship of their conduct to opponents.

DOANE GYM houses the women's indoor athletics

CLEVELAND HALL is the original home of the Big Red

Denison boasts one of the most efficient intramural systems in the state. It is under the directorship of Sidney Jenkins.

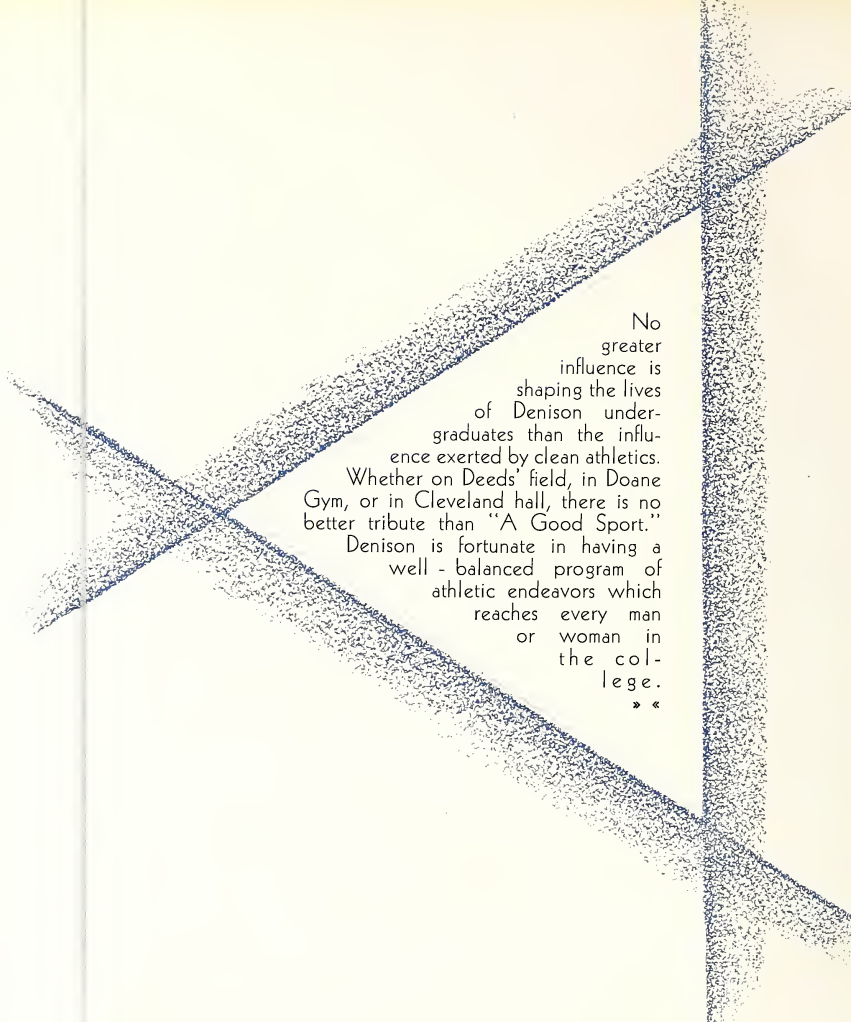

No
greater
influence is
shaping the lives
of Denison under-
graduates than the influ-
ence exerted by clean athletics.
Whether on Deeds' field, in Doane
Gym, or in Cleveland hall, there is no
better tribute than "A Good Sport."
Denison is fortunate in having a
well - balanced program of
athletic endeavors which
reaches every man
or woman in
the col-
lege.

» «

Few colleges can
be compared to
Denison in the
excellence of its
physical educa-
tion depart-
ment, particularly
in leadership.

Cleveland hall,
Deeds' field, the
practice fields,
Doane gymnasium,
are all part
of a greater Deni-
son's sports pro-
gram of the
future.

No

The women's de-
partment of the
physical educa-
tion program is
made up of the
regular classes
plus a system of
specialization.

Track, Baseball, Football, Cross Country, Basketball, Handball, Tennis, all play their parts in the varsity program of sports.

WALTER J. LIVINGSTON

Athletics

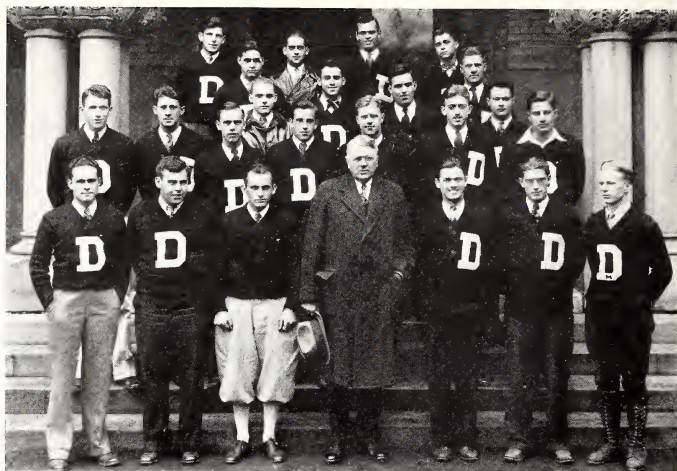

Denison University has in its program of physical training for men, a schedule of sports and required classes which is second to none in a well-rounded distribution which provides every man in the student body with the opportunity for bodily development. Particularly commendable is the intramural system which has been widely used as a model of interfraternity athletics.

Coach Livingston has maintained an increasing fidelity to Denison traditions of sportsmanship. "Livy," a former star in Big Red athletics, has risen to the head of the department of Physical Education for men. His success with basketball teams has given him a wide reputation as a leader in that sport. Under his influence, the athletics in the University have achieved an unusually fine standard of excellence.

Big Red

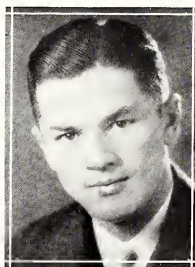

"D" Association

Grady, Flory, McConnell, Williams
 Poole, Philbrick, Gell, O. Walker, T. Gabele
 Scott, Schneider, C. Baker, R. Edwards, Couchey, Bliss, Sweetland, Greenlee
 Sauer, Pipoly, Freed, Dr. Shaw, Hutson, Trask, R. Montgomery

FOR several years the "D" Association has been looked upon as one of the strongest undergraduate organizations on the campus. Its coveted insignia, the varsity "D," is awarded to those participants in football, basketball, baseball, track and cross country who have met with the Buckeye letter requirements.

DeArmond Hutson
 President

AMONG their activities the enforcement of Freshman rules is the most prominent. In addition they provide the campus with a day of circus-like amusement when they hold their annual initiation. Last Fall they established a custom which we hope will survive—that of the very successful "D" huddle which is an all-Denison dance of great popularity.

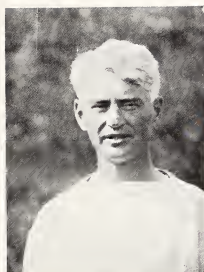

Laying It On

Athletics

SID JENKINS has developed intramural competition to its present recognized place in the student program. He conducts gym classes as well as several courses in the department.

The Coaches

"BABE" RUPP played with the Big Red against State and Michigan in '04. He has coached baseball and football during the past few years.

COACH RICH is the newest addition to the athletic staff. He comes with an excellent record in football under "Hurry-up" Yost at Michigan and a love of the game that bring to those of us who have seen his dynamic personality at work strong hopes for the Big Red in football.

TOMMY ROGERS, a Big Red star in his own right, coaches Freshman basketball and assists on the gridiron. In between he directs intramurals with Sid.

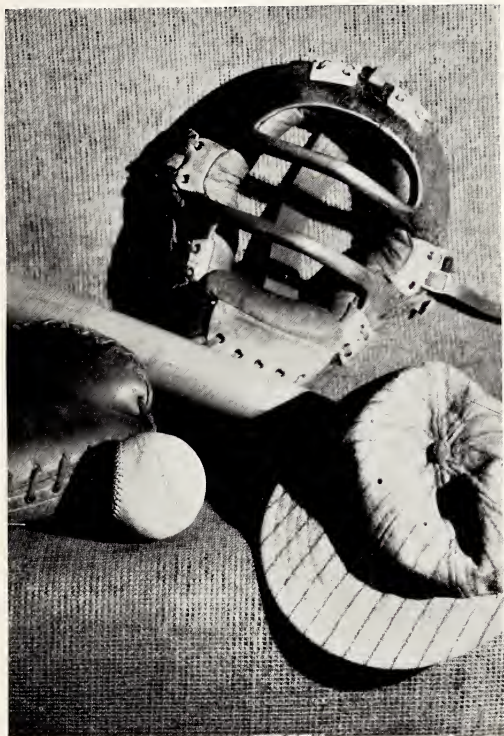

MIKE GREGORY is another member of the coaching staff who spent his athletic apprenticeship on the Denison teams. He is assisting in both track and football.

The Toga

Edson C. Rupp
Coach

BASEBALL

An excessive dearth of experienced baseball material confronted Coach Edson Rupp at the start of the 1930 baseball season. While this lack was evident in all departments, it was most felt in the pitching staff. "Whitey" Bliss was the only experienced man who was ready to assume a place on the mound. A thorough search through the rest of the hurling candidates revealed only one other man, John Couchey, capable of pitching the caliber of baseball required in the Buckeye Athletic Association.

The next problem was offered by the infield, since the important positions of first and third were left vacant through graduation. Coach Rupp discovered in Harry Lull one who could capably guard the initial sack, but constant experimentation at third failed to uncover an entirely satisfactory player for that position. Glenn Trask, at second, and Otto Walker, playing the shortstop position, were the only veteran infielders at Rupp's disposal. Both men were excellent defensive players, but neither possessed an impressive power at bat.

Charles Baker
Center Field

Robert Bliss
Pitcher

John Couchey
Pitcher

Rupp found the outfield in much the same predicament as the infield. Only one letterman, Joe Snyder, was available for duty in the outfield positions. Because of his speed, Snyder was placed in left field. There was no escape, however, from placing inexperienced men in both center and right field. Ray Scott was generally in the starting line-up as the team's center fielder, while George Fries won the right field honors from the other outfield candidates.

Almore Teschke, veteran backstop, was the only other letterman to answer the call for diamond duty. Along with Teschke was a sophomore, Earle Rape, who helped carry the catching burden. Between the two, this department was made the strongest of the entire team. Taken as a whole, the team was a faltering, impotent group. Its biggest defect was inexperience, which accounted for the generally ineffective hitting.

Don Juan

Paul Fries
Right Field

Harry Lull
First Base

The first game of the season, with Ohio University, resulted in a 15 to 5 defeat for the Big Red. Denison played a fairly successful game until the last of the eighth inning, holding a more powerful Green and White team to a score of 8 to 5. In that inning, the Denison defense crumbled before a barrage of Ohio hits, and the Athens team was able to score the remainder of its runs.

Rupp's strenuous efforts to mold the group into an aggressive team yielded the hoped for results against Miami in the year's second encounter, when Denison held the Redskins of Oxford to a 3-1 score. Couchey hurled an almost faultless game up to the eighth inning. Then the Miami bats broke out in a series of hits which gave them two runs and the game.

The game with Denison's ancient rivals from Delaware—Ohio Wesleyan—was featured by a good old fashioned slugging match. The Bishops won by a score of 10-8 after leading by a count of 10-1 as Denison went into the eighth inning. In the next two innings, seven runs crossed the plate, due largely to the hitting of Otto Walker and Harry Lull, who had three and four hits, respectively, to their credit.

Athletics

Ray Scott
Third Base

Paul Saurer
Left Field

Joseph Snyder
Left Field

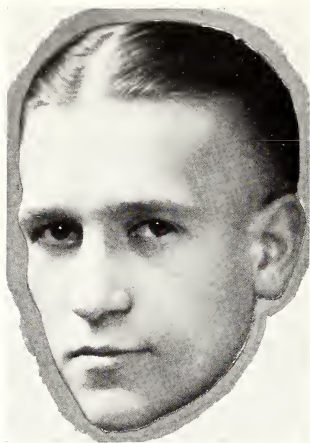

After these two closely fought games, Denison reached the ultimate in defeat during the annual baseball trip to Miami and Cincinnati. Miami proved to be a most inhospitable host, and not only trimmed the Granville team, 15-0, but added insult to injury by completely subduing the bats of the Big Red. The mound endeavors of Strobel and Hall, Miami's pitchers, were flawless to the extent that they did not allow a single Denison hit. This was the only no-hit game recorded in the B. A. A. during the entire year. Although the game with the University of Cincinnati did not result in a no-hit affair, still the Bearcats succeeded in consummating the humiliation of the up-state visitors by beating them 14 to 1.

It apparently did the team little good to return to its home grounds, for in the second encounter with Wesleyan, the Baptists were defeated again, this time by a score of 15-2. In this game, Joe Snyder contributed some brilliant hitting. His play in every game on the schedule was the most consistent of any on the whole squad. At third, Ray Scott, moved in from center field, performed excellently, while Trask showed equally well at second.

The miserable year was completed with another defeat at the hands of Ohio U. This time the score was closer, 3 to 1. The team looked better than it had at any time during the season.

Peltzer

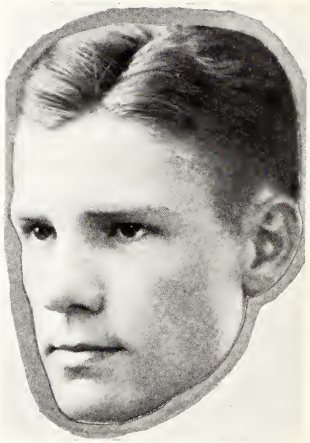

Almore Teschke
Catcher

Glenn Trask
Second Base

Individual credit should be given to Coach Rupp for the splendid manner in which he handled a pitifully weak team; to Lull, who hit effectively and fielded well in a position strange to him; to Otto Walker, a dependable shortstop and a good hitter in a pinch; to Ray Scott for his general all-round play; to Snyder, who led the team in hitting with the exceptional batting average of .400, and to Glenn Trask, whose fielding at second was always dependable.

Denison's representatives on the baseball diamond fared poorly in the games with their B. A. A. opponents during the 1930 season. The Big Red failed to win a game throughout the entire season. The string of consecutive defeats was probably due to the lack of ability to hit and field effectively in the same game. In every game its play in one department would be good, but woefully weak in the other. In a schedule of eight games, Denison scored only eighteen runs, while the opposition crossed the plate seventy times.

Coach

TRACK

With Coach Walter J. Livingston at the helm Denison's track team enjoyed a very successful season, winning three out of their four dual meets and placing third in the Buckeye Athletic Association track and field meet held in Athens on May 23rd and 24th.

De Armond Hutson made his dreams come true when he defeated Lambacher of Ohio Wesleyan in the 220-yard dash. Hutson traveled the century distance in 9.6 seconds, equaling his own record for the Buckeye in that dash.

Denison's track team opened their 1930 season with an easy win over Wittenberg by a score of 107 1/3 to 23 2/3 in a dual meet on Deeds' Field, on April 26th. It was the first of a six meet schedule, and the Big Red team won with ease, taking 12 first out of 15 events.

Walter Williams was the star of the meet. Although he was second in point scoring, registering 12 points, he broke the Denison high jump record of 5 feet 10 3/4 inches by leaping to a height of 5 feet 11 3/4 inches.

"Clare" Sweetland's $14\frac{1}{4}$ points led both teams in scoring. Williams was second and Truman Schneider was third with 11 points. Denison showed considerable strength in the field events, copping a first place in each event.

In their second meet of the year Denison, led by Rogers and Reading, who smashed two records in field events, proceeded to nose out Cincinnati in another dual meet on the Deeds' field oval by a score of 67 to 64, on April 30th. The visitors threatened many times to tie the score, but Denison managed to get an early lead and hold it throughout the afternoon.

Hurdles

Rogers and Reading broke the broad jump and discus records, respectively. Rogers hurled himself 22 feet 8½ inches to break the broad jump record, while Ed. Reading threw the discus 130 feet 9½ inches.

The Baptist cinder team met their first defeat of the season when they were tripped by Ohio Wesleyan, 73 to 58, in a meet held on the winners' track on May 9th. De Armond Hutson, the Denison sprint star, won both the 100 and 220-yard dashes. In the latter he broke the standing Denison record by two-fifths of a second, and at the same time defeated his rival, Norman Lambacher of Wesleyan, by a larger margin. In 100-yard dash Hutson equaled his own record of 9.6 seconds.

Although six Denison men took first places in the meet, the Big Red team failed in the distance events.

Winning their third meet out of four, Denison edged out the Ohio University track team, 69 1/3 to 61 2/3, at Athens on May 17th.

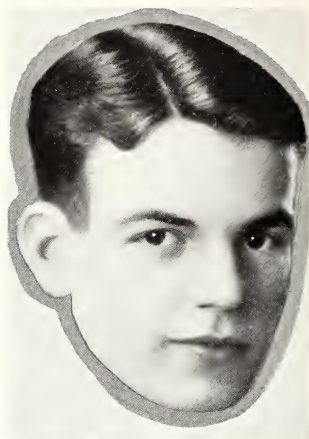

Nine firsts were taken by the Granville team and a tie for a first place gave the winners 47 1/2 points, enough to defeat the Ohio team.

"Dee" Hutson again won his 100 and 220-yard dashes without any difficulty, while Madison George and Mel Philbrick tied for first in the high jump. Reading again won the discus throw; Sweetland took the low hurdles in good shape; Rogers won the broad jump; and Truman Schneider and Rowland tied for the pole vault with 11 feet 9 inches. Alvin Greenlee won the high hurdles, and Tom Gabele also did fine work in the javelin event by throwing the spear over the 160 foot mark.

In the final track contest of the season, the Buckeye Athletic Association meet, held at Athens on May 23rd and 24th, Denison finished third out of the five teams entered. Miami won the meet for the third consecutive year with a total of 84 points; Ohio Wesleyan was second with 53 points; Denison third with 39 points; Ohio U. fourth with 32 1/3 points and Cincinnati was last, earning but 16 1/6 points.

Hutson again won his dashes and again defeated Lambacher. This time Hutson ran the distance 9.9. Denison took three seconds in the meet, Madison George taking second in the high jump; Sweetland in the low hurdles; and Reading in the discus throw. "Plinky" Rogers copped a third place in the broad jump, although his jumps were not up to par, while Williams took a fourth in this event, and Greenfield and Roadarmel also took fourth places, the former in the shot and the latter in the 880.

FOOTBALL

McKean Thompson
Manager

Xavier University 13, Denison 0.

XAVIER was the next opponent for Coach "Babe" Rupp's team. The first game of the year at Deeds Field resulted in a 13 to 0 verdict for the downstaters. Denison's inexperienced line played hang-up ball, but McDevitt of Xavier was too much for the Big Red to cope with. After a dull first quarter McDevitt reeled off a twenty-five yard run which paved the way for the visitor's first score, while in the final period he heaved a pass to Foley for the second touchdown.

Many times, due to the fact that Denison's forward wall was on their plays, Xavier found the linemen rushing in to break up their plays as soon as they were set into action. It was a case of a team that combined excellent offensive play with equally effective defensive play matched against a team whose defense was good, but whose offense was pitifully weak.

Many times Denison had opportunities thrust in her face, but time and again her backs smashed against an unyielding Xavier forward wall.

This was the second game in as many years between the two schools, Denison having traveled to Cincinnati last year to drop a 12 to 0 verdict to the Musketeers.

Michigan 33, Denison 0.

DENISON opened their 1930 football season with a game against Michigan at Ann Arbor on September 27. The home team, always strong contenders in the Big Ten race, overwhelmed Denison by a score of 33 to 0. Some 70,000 spectators, the largest crowd ever to watch a Denison team, filled Ferry Field to see the game.

During the first quarter Denison succeeded in stopping the Wolverine attack, but in the second period Michigan broke through to score two touchdowns. In the third quarter a sustained offensive again registered twice against the Big Red, while the last quarter saw them make but one touchdown.

The most spectacular feature of the game was "Whitey" Rimes' runback of a punt for sixty-three yards. His brilliant play was the talk of the press box throughout the game. Geil, Ludwig, and Howard Walker were also outstanding for the Big Red.

Michigan State Normal engaged the Michigan regulars in a game following the Denison-Michigan contest.

Wheeler and Wills were the big threats for the Michigan team. Wheeler scored several times, while Wills also registered a touchdown for the winners and Goldsmith and Stoll kicked the extra points.

The Big Red offensive consisted of a short center pass, Rimes to Geil, which many times went for first downs.

Muskingum 25, Denison 0.

DENISON played her first night football game in the history of the school when she traveled to New Concord to meet Muskingum in a game which the Muskies won by a score of 25 to 0. Russell, Zink, and Zeyher furnished the drive for the Muskingum attack, while the punting and passing of Howard Walker was the outstanding individual performance of the evening.

Muskingum displayed a powerful and versatile attack that at times bewildered Coach Rupp's boys. Seeing little possibility of penetrating Denison's 195 pound line, the winners directed their attack to off-tackle plays and then to the aerial method.

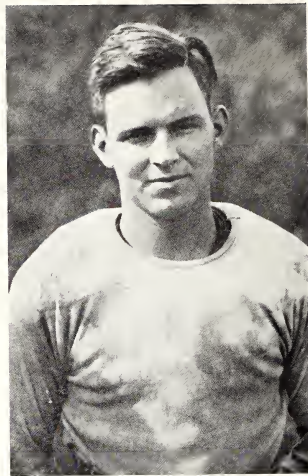

Howard Walker's punting and passing was the outstanding feature of the Denison attack. Many times his long punts drove the Muskies back into their own territory, but they soon regained their lost ground by the forward pass system.

Miami 19, Denison 6.

MIAMI, chosen to play Denison at the Homecoming game on Friday, October 17, somewhat marred that particular phase of Homecoming when they trimmed the Big Red 19 to 6. However, the game marked the first success of the Denison offensive when they marched the ball eighty yards down the field for a touchdown in the first quarter. Miami was slated by the experts to defeat Denison by at least four touchdowns, but Coach Repp's team made it difficult for the visitors to obtain the victory by any such score. Russell Geil, directed the team well from the quarterback position, and Ellison and Thompson on the line were the mainstays of the forward wall. Stryker, Butler, and Cartwright did the scoring for Coach Pittner's team.

Miami received the scare of the day when Denison marched eighty yards to a touchdown at the outset of the game. "Whitey" Rimes was the lad to put Denison in the scoring column by scoring the first Big Red touchdown of the season. Miami retaliated in the second period when they marched the ball to Denison's twenty yard line where Denison intercepted the ball, but Howard Walker's kick was blocked and Miami went into the lead on Butler's touchdown and extra point. From this time on Miami was never headed, scoring again when Cartwright went across the goal on a series of plunges and Klinger registered a touchdown on Games' pass after the ball had been worked down the field on Cartwright's plunges.

Injuries to Adams, who had been stopping all plays around his end, and to Howard Walker, who had been doing the punting and passing for the home team, handicapped Denison considerably.

Cincinnati 13, Denison 6.

FOR the first time in sixteen years, Cincinnati defeated the Big Red. In a game played in Nippert Stadium on October 25, Cincy scored two touchdowns in the second quarter to win by a score of 13 to 6. Sidinger, Cincy halfback, was the first to score when he crossed the goal from the ten yard line on straight line bucks. Near the end of the same period, Philbrick's kick was blocked by Laub, and Metz fell on the ball over the goal for Cincy's second score. Early in the third period a 30 yard pass from Gabele to Scott brought Denison her only score.

Cincinnati registered all her points in the second period after Denison had held them scoreless during the first quarter. Cliff Goldmeyer, Cincy's triple threat fullback, deserved most of the credit for his team's showing. His passing, kicking and running were all excellent. His punts averaged 50 yards apiece. Aside from his powerful offensive attack, he backed up his line with deadly tackles each time a Denison man broke through to the secondary defense.

The Big Red touchdown was scored in a thrilling manner. Gene Wolfe carried the ball to within six inches of the Bearcat goal only to lose it on down. The winners then kicked out of danger, and Gabele uncorked a thirty yard pass to Scott who scored Denison's only touchdown. Adams' attempt to kick the extra point failed.

Grid Crowds

Half

Earl Rupe
End

Denison 19, Otterbein 10.

DENISON won her first game of the year when she rallied in the final period of the game to defeat Otterbein 19 to 10. The Big Red outplayed the visitors more decisively than the score indicates. Otto Walker's run of 80 yards was the most brilliant play of the game. Denison scored prior to Otto's run when Howard Walker, Gabele, and Otto Walker worked the ball to Otterbein's three yard line, from where Otto carried the ball over for a touchdown.

Before the game was two minutes old Denison had scored, this coming about when Otterbein fumbled a Denison punt on her own 45 yard line. Ludwig recovered, and a series of plunges brought the ball up to the 25 yard stripe from where Gabele heaved a 20 yard pass to Rimes which placed the pigskin on the one yard line. Rimes then line-bucked it over for the initial counter. Denison's try for the extra point failed.

Otterbein came right back and scored a touchdown on the pass method, and in the second period they scored again on Bowell's field goal.

Playing through a scoreless third period Denison entered the final stanza on the short end of the score. The Big Red mustered all its strength and scored 13 points to win the contest. Gabele's pass to Rimes and Otto Walker's long run counted for balance of points to win the game.

Ohio University 36, Denison 0.

OHIO UNIVERSITY rolled up the largest score of the season against Denison when the Big Red invaded Athens to be snowed under by a score of 36 to 0. Coach Don Peden of Ohio University put a team on the field that functioned like a machine. The winners scored in every period.

The last quarter saw Denison play her best. In this period they held Ohio to only a safety scored as a result of a blocked punt recovered by Ohio.

In his first real opportunity of the season to play real football, Edward Spear, fullback, showed his ability. He and Rimes alternated at the full-back position. Denison was handicapped by injuries to some extent. Howard Walker, Don Ludwig, Russell Geil and Glenn Ellison were out of the game because of injuries.

Ohio scored twice in the first period. They opened up with a passing attack, but were unable to gain by this method, so they were forced to use line backs and trick plays to score. Three times Denison held the Bobcats when the ball was within a few feet of the goal.

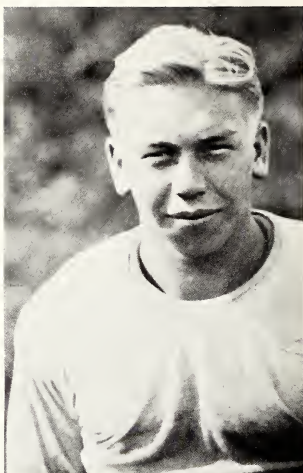

The winners marked up one touchdown in the second period and two more in the third making the score 34 to 0 going into the final quarter. Denison then held the Athenians to two points by virtue of a safety caused by a blocked punt which was not downed until it had rolled out of the end zone.

Ohio Wesleyan 14, Denison 0.

Denison 12, Wooster 0.

THOUGH a plucky Denison team staged an uphill fight against the powerful offense of their ancient rival from Delaware, Ohio Wesleyan, the final score showed that the Bishops emerged from the battle on the long end of a 14 to 0 score. The game was played at Delaware on November 15. Allen Pool played his usual steady game on both the defense and offense. Howard Walker again proved his worth when he drove the Bishops back many times with his long and accurate punts. Earl Rupe, at end, was also outstanding, effectively stopping many attempted end runs.

Two unusual circumstances occurred since neither Captain Neiberg nor Captain Sauer were in the starting lineup, and when the officials attempted to start the game the Wesleyan team was nowhere to be found. In penalty of their tardiness the kick-off was omitted and the ball awarded to Denison on the 35 yard line.

In the second period Wesleyan worked the ball up to the four yard line where the Big Red held for two downs before Ginaven slid off tackle for the touchdown and Kraft kicked the extra point.

In the last half the Bishops opened a steady running attack directed at the tackles and ends with Ginaven and Morton doing the ball carrying. Ginaven plunged through the two yard line for the second score of the game.

WITH the announcement of Coach Rupp's resignation immediately before the game, Denison faced Wooster on Deeds Field on November 22, and presented their retiring coach with a 12 to 0 win over Coach Boles' team. The game marked the last appearance in Denison football uniforms of nine seniors. Carpenter, Geil, M. Connel, Philbrick, Pipoly, Pool, Rimes, Saurer, and Otto Walker were the men who closed their gridiron careers. Otto Walker and "Whitey" Rimes were again the stars of the afternoon. Walker intercepted two Wooster passes, and thus broke up their attack. In the third period Denison carried the ball down the field to Wooster's six yard line, where the latter was penalized to the one yard line and Howard Walker carried the ball over for the score. In the middle of the final period Otto Walker intercepted a Wooster pass and raced thirty yards for the last score of the game.

The first half of the game was a sea-saw affair with neither team showing any superiority, although Wooster held the advantage of ground gained due to the numerous penalties inflicted on the Big Red. Wooster threw a scare into the Denison camp when they marched down to the winners' four yard line only to be held for downs. This occurred in the first period.

CROSS COUNTRY

Donald Cherney
Manager

WITH only two veterans around which to mould his 1930 cross country team, Coach Livingston found four sophomores to add to the squad which completed a very successful season last fall. The six men to represent Denison in the long distance runs were Robert DePuy, Harry Grady, James Steinberger, James Humphrey and Lee Johnson. Of the six Grady and Steinberger were the only veterans to return from the previous year. Of the four meets during the season, Denison's barriers won two and lost two. They administered defeats to Cincinnati and Ohio, and lost to Oberlin and Ohio Wesleyan.

The first meet of the season was against Oberlin on Friday, October 17. Oberlin copped the first three places and handed the Big Red a 17 to 33 trimming. Denison took the fourth position, Bob DePuy finishing a close fourth behind the Oberlin man. Fifth, sixth and seventh positions were taken by Oberlin men. Grady finished eighth, with Eatough and Humphrey finishing ninth and tenth positions respectively.

In their second meet Denison broke into the win column by tripping the Cincinnati Bearcats 26 to 30 on Saturday, October 25th. It was the local's first Buckeye run of the year, and they found the hilly Cincy course similar to their own consequently running the distance in fast time. Although a Bearcat man finished first, Bob DePuy again lead the Denison men to the finish. He was followed very closely by Grady and Eatough, who finished third and fourth. The next three positions were taken by Cincinnati with Humphrey, Steinberger and Johnson gathering the last three places for Denison.

OHIO was the next opponent for Coach Livingston's boys. In this meet they again annexed a win, this time completely annihilating the Bobcats by a score 19 to 40, on Saturday, November 8, at Athens. Bob DePuy, Denison's star sophomore runner, traveled over the Ohio course in good style, finishing within nine seconds of the record for the Ohio course. Denison snatched the lead at the start and maintained it throughout. DePuy finished first, running the distance in twenty minutes and four seconds; Underwood, of Ohio, was second, but Grady finished a close third behind Underwood, and Eatough, Steinberger, Humphrey and Johnson finished in the order named for the winners.

Running in their last meet of the year, Denison traveled to Delaware on Saturday, November 15, to meet Ohio Wesleyan. The latter took the Big Red into camp by administering a 19 to 36 trimming at the hands of the Bishop team. The winners took the first four places, while Bob DePuy pulled in fifth, followed by Grady, Eatough, and Humphrey for the Big Red. A Wesleyan man came in ninth and Steinberger of Denison finished tenth.

Scores of Meets

Robert De Puy

Wilfred Eatough

Harry Grady

TAKING a fourth position in the Buckeye Athletic Association meet at Athens on Saturday, November 22, Denison's cross country team ended their 1930 campaign. The Big Red garnered 76 points to grab fourth place in the meet.

The race was fast, however, in spite of the cold wind which hampered the runners. As usual, Bob DePuy was the first Denison man to cross the line of finish rating eleventh position, with Eatough thirteenth, Grady fourteenth, and Humphrey eighteenth place. James Steinberger, finishing his last race in a Denison uniform, finished in twentieth position, followed closely by Lee Johnson.

Ohio Wesleyan won the meet by nosing out Miami 32 to 34. Cincinnati finished third with 73 points, Denison with 76, copped fourth, while Ohio brought up the rear with 87 points.

BASKETBALL

George Faris

IN one of the season's most exciting games, Denison defeated Ohio University 35 to 27 in two overtime periods. The game was played on the Bobcats' court at Athens. During the regular playing period the game was a nip and tuck affair with Ohio on the long end of an 18 to 17 score at the half. In the second half, the same brand of basketball prevailed. By the end of the regular playing period Denison had overcome the one point advantage held by Ohio and tied the score at 26 all. In the first overtime period there was no score, but in the final period Denison scored nine points.

Ohio Wesleyan, always Denison's rival, came to Granville on January 21, and in a close game upset the home team 33 to 31. Wesleyan jumped to an early lead, and the machine-like functioning of her team never permitted Denison to even tie them. The Bishops led 23 to 13 at the half. During the second half, Denison made a persistent effort to even the score, and finally cut down the difference to four points. A long shot by Otto Walker as the game drew to a close made the score 33 to 31, and there it remained until the final whistle.

In two non-conference games played between the semesters, Denison tripped Toledo St. Johns, 38 to 26 and 42 to 15. The first game was played on the Toledo hardwoods, while the second was a return game at the Wigwam.

AFTER a somewhat unsuccessful barnstorming trip Coach Livingston's basketball team came from a low position in the Buckeye standing early in the season to the title game of the Conference, played with Ohio University in the final game. Denison finished the year with a 50.0 percentage, winning from and losing to every team in the Buckeye. The court fans saw Denison come from fourth position in the standings up to second place only to lose to Ohio 28 to 17 in a game which, had Denison won, would have created a triple tie for first place with Wesleyan. Denison and Ohio sharing the honors.

In their opening Buckeye game of the season, the Big Red warriors traveled to Cincinnati and were defeated by the Bearcats 25 to 15. The first period closed with Cinoy in the lead, 14 to 4. Walker, scoring eight of the Big Red's fifteen points, was the losers high point man.

Miami was the next foe to face the Granville team. The latter registered their first B. A. A. win of the season when they won from the Oxford team 26 to 23. The winners resorted to a last minute rally in order to win. Earl Rupe, the dependable Big Red guard, was fouled in the closing minutes of play. He made good his two free throws, to give Denison their three point advantage, as Miami, up to that time, was but one point behind, 24 to 23.

OPENING the second half of their Buckeye schedule, Denison lost a 25 to 20 decision to Miami in a game played on the Oxford court. Miami started out with a rush, and although they seemed to be continually bombarding the basket, Denison was only one point behind at the half, 14 to 13. In the second period Miami outscored the Big Red 11 to 7.

Displaying a brand of basketball that was practically impossible to beat, Denison avenged a former defeat handed them earlier in the season by thumping a renovated Cincinnati team 43 to 24, on the Wigwam floor. The defeat dropped Cincy from second place to fourth in the B. A. A. standings. Denison jumped to an early lead and ran the score up to 7 to 0 before Cincy was able to score. At the half, Denison was 13 points ahead, with the score 24 to 11.

Coach Frank Rice of Cincinnati was forced to use the entire squad of nine men in an effort to stop the Denison scoring melee. Ray Scott, Denison center, returned to his 1930 form to lead the scoring with 17 points. Otto Walker was next in line with 11 points to his credit.

When Oberlin and Denison renewed their court rivalry in a game played on the Oberlin court, Oberlin won by a score of 36 to 13. Denison, for the first time during the season, was without the services of Captain Otto Walker.

IN a crucial game of the season, Denison defeated Ohio Wesleyan in a game at Delaware on February 18, by a score of 32 to 29. The game was the first Denison victory over the Bishops on the Delaware floor in a number of years. A large crowd of Denison fans followed the team to see the Big Red trip the Bishops and drop them out of first place, which they had occupied for two years.

The game was exciting throughout, with Denison maintaining an early lead. The Big Red jumped to a 5 to 1 lead before Wesleyan took it over on shots by Myerly and Ginaven. Otto Walker dropped in a goal that put the Big Red back into the lead again, and the game continued in this manner until the half. Wesleyan scored two shots in rapid succession to bring the score up to 15 to 14, but in Denison's favor at the half. The throat-cutting tactics continued in the second period until Denison drew away to a 26 to 18 margin. Dickerson and Ginaven of Wesleyan put their team back in the running with two baskets, which brought the score to 26 to 22. Scott looped in a long shot to make it 28 to 22. A mad scramble in the last five minutes of play gave Denison four more points while Wesleyan was collecting seven, but the gain was not sufficient to overcome the Denison lead.

WESLEYAN'S defeat allowed Ohio to take the lead in the Buckeye conference with Wesleyan and Denison close behind. A Denison victory over Ohio would throw the B. A. A. standing into a triple tie between the teams mentioned, but in the final game of the season, Ohio brought a team to Granville which defeated Denison 28 to 17, before the largest crowd to pack the Wigwam during the season.

Ohio was the first to score when Warshower dropped in a one-handed side shot. They continued to score until it was 5 to 0, when Denison broke into the scoring with two foul shots. From this point until the end of the first half, the scoring was evenly divided with the score deadlocked at 11 all at the end of the first period. Ohio drew rapidly away from Denison in the second half, until they held a 17 to 13 advantage. From this point on, Ohio took absolute command of the situation, scoring eleven points while Denison scored but four.

The Buckeye championship went to Ohio with the winning of the game.

McAdams**

Assistants
**Stewart
Wickham**

**Stan
Drews**

Cheerleader
**James
Shrake**

PEP, the ever elusive symbol of school spirit, has been dutifully managed, sponsored, coaxed and coached by the boys pictured herewith. Numerous duties include pep meeting arrangements, song leading, and assisting in enthusiastic send-offs for travelling varsity teams.

James Shrake and his three assistants did commendable work this year, contributed substantially to the fostering of a good school spirit and aroused interest in a good sportsmanship code for spectators. The head cheerleader is chosen by student government ballot, while his assistants are appointed after a competitive tryout period.

Several Buckeye college papers this year commented on Denison's fine singing of varsity songs at football and basketball games.

TO DENISON

To Denison, we raise our song,
Fair College on the hill,
The name that sets our souls on fire,
And makes our senses thrill:
To Denison, my Denison,
In praise our voices swell,
The scene of happy college days,
The home we love so well.

O morning glow which gilds the east,
O sun which shines at noon,
O stars which bloom at eventide,
O radiant, glowing moon,
Look from thy pathless azure dome,
Shed blessings from above,
On college hills and college walls,
The Denison we love

To The Colors

The Trainers

Wilcox, Patterson
E. Roberts, Baird, Lattimer
Lehrer, D. Blackburn, Sharkey, Falconer, M. Packer

AFTER two or more years of undergraduate tutelage in the various sports, the trainers become managers of the many varsity athletic teams. Keeping the team in the so-called "pink of condition" is only a small portion of their burdens, which include field work at every practice, taking care of locker rooms and equipment, and attending the physical requirements of the varsity men.

The Varsity managers in football, cross, country, basketball, baseball, and track as well as those in the minor sports fill an important position on every trip. The needs of the men, the care of equipment, and the supervision of the trainers are included in their responsibilities.

TO DENISON

(Continued)

And when the shadows softly fall
O'er hills and valleys dear,
Across the college campus rings,
The melody so clear:
The circling hills throw back again
The glad inspiring song,
And in our hearts to Denison
Our praises we prolong.

When from the fold we far shall stray,
With souls forever young,
We'll ne'er forget our college days,
These happy scenes among:
And when our steps have feeble grown,
Our journey almost done,
E'en then with fleeting breath we'll praise
Our dear old Denison.

Coch Barr

Helen Barr

Helen Badenoch

Helen Petroskey

MISS BARR'S leadership of the department of Physical Education for women has given it a national reputation. Her particular interest in basketball has placed her on the committee for that sport in the American Association of Physical Education for women.

MISS BADENOCH is responsible for the present success of the terpsichorean program. Her work with Orchesis has been markedly well-done and praise is due her for the May Day festivities which meet with success each year.

MISS PETROSKEY, who has brought volleyball into its own and who sponsors the Swimming Club in her own particular branch of athletics, completes Shepardson's triumvirate of Athletic Helens.

Indoor Champ

Baseball, Track and Tennis combine in the diversified sports program presented by the department. Each of these sports represent a distinct outdoor program on the new Women's field just east of Deed's field.

Each year picked teams from each class conduct intramural competition and from these teams is made the selection for the All-Shepardson teams in each sport. One of the baseball teams is pictured directly above.

Mary Lizzy

Athletics

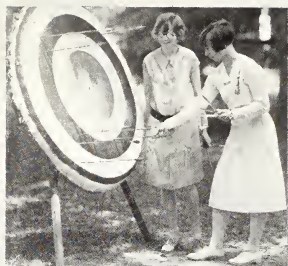

Hockey and hiking trips occupy the major portion of the early and late Fall sports program. Both occupy important places in the departmental scheme which gives each girl in the department equal opportunity for a mixed curriculum of endeavors.

The social element of the department is expressed in both the hiking trips and in the functions held in connection with the Women's Athletic Association. Various "open" events for both colleges are presented during the year, including the circus and the dancing recital.

Frannie

Seventy-seven

Archery plays an important part in the women's athletic program at Denison

Various non-competitive meets are held each year with other schools. Pictured above are four views of a meet with Wesleyan.

The lower left picture is a part of the ballyhoo for the annual circus held in Doane Gym by the entire department.

The group in the middle at right is the W. A. A. board pictured on the chapel steps.

Selma The Strong

Athletics

Aesthetic dances is the oldest departmental subject of the department. The subject which dates from the early "50's" has found steadily increasing popularity.

Pictured above is one of the picked classes making some of the Sugar Loaf sprites envious.

Miss Badenoch as head of the dancing department has wielded much of the influence that has made this department and particularly the interpretive dancing a feature of the program for women's athletics.

Various of the subtler senses of interpretation are employed in the accompanying pictures with the aid of the wind and the natural setting.

CLASSES

1931, 1932,
1933 and 1934
pass in the re-
view that makes
up Denison life
on the campus.
ABOVE: 1930
is graduated.

CUSTOMS:
Only Seniors may
sit on the Senior's
bench. During
the first ten days
of May the Jun-
iors carry canes.

THE SENIOR BENCH is handed down from class to class

DOANE HALL is the scene of many class meetings

Sophomores wear ribbons in the class colors ten inches long, cutting off one inch each day during the first ten days of May.

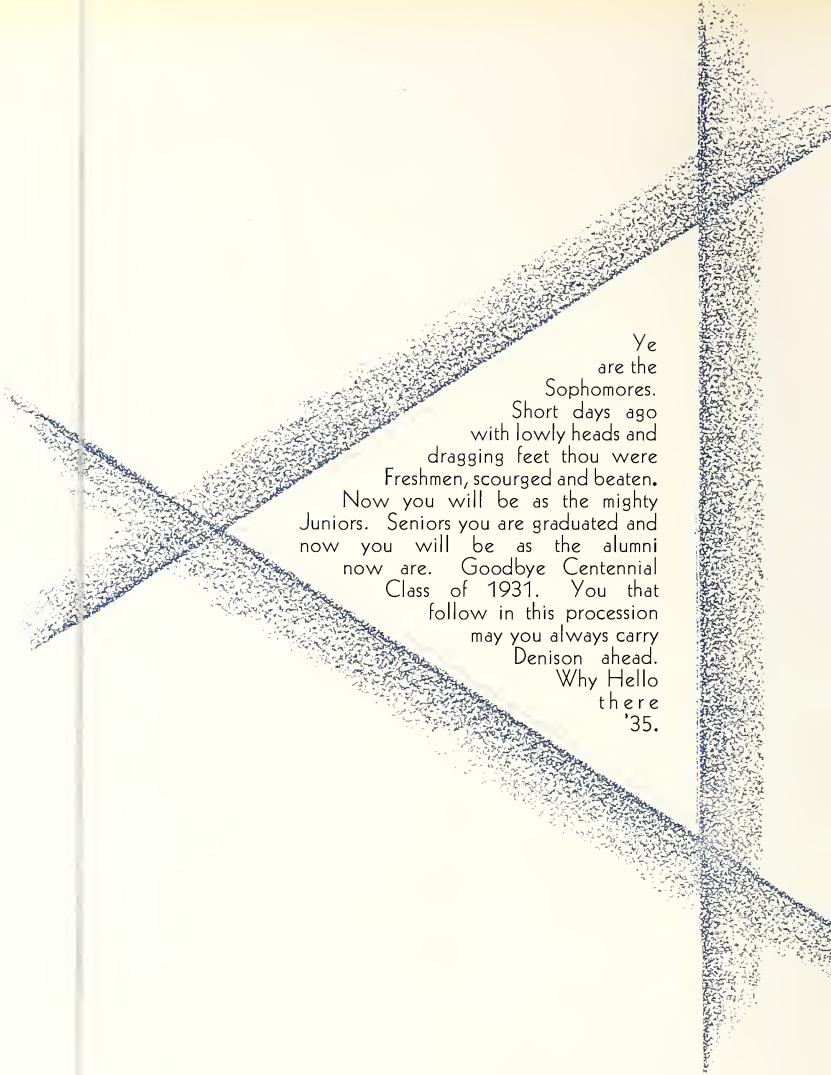

Ye
are the
Sophomores.
Short days ago
with lowly heads and
dragging feet thou were
Freshmen, scourged and beaten.
Now you will be as the mighty
Juniors. Seniors you are graduated and
now you will be as the alumni
now are. Goodbye Centennial
Class of 1931. You that
follow in this procession
may you always carry
Denison ahead.
Why Hello
there
'35.

Freshmen must
show respect to
upperclassmen at
all times — must
learn all college
songs, yells, etc.,
and must collect
wood.

Allen Warne, '33, Richard Kruse, '32, and Genus Bartlett, '31, were the presidents of their respective classes.

Ye
are the
Sophomores.
Short days ago
with lowly heads and
dragging feet thou were
Freshmen, scourged and beaten.
Now you will be as the mighty
Juniors. Seniors you are graduated and
now you will be as the alumni
now are. Goodbye Centennial
Class of 1931. You that
follow in this procession
may you always carry
Denison ahead.
Why Hello
there
'35.

An innovation in
the first week's
entertainment of
Freshmen on the
campus was the
introduction this
year of Freshmen
Week.

The Freshmen of this past year, the class of '34, were outstanding in college activities and scholastic ability. Nice Going '34.

These latest comers to Denison's vast family have not shouldered lightly the responsibilities that are their heritage. Fledglings though they be, they've already taken places of recognized importance in the undergraduate arrangement and are impatient to try their newly-won wings in independent flight.

Gene Shoveling

Classes

DOROTHY AMRINE

Zanesville

Shepherdson Club

Those who have seen Dot practicing on the organ at the lower sem say she does very well at imitating St. Cecilia though that lady was fair-haired. Her dreamy eyes seem reminiscent of things a thousand miles away but perhaps it's only as far as Zanesville.

ROSE ANTON

Shepherdson Club

Tampa, Fla.

Under this senorita's tutelage the village lassies are improving their basketball. She can tell you how to make tortillas and frijoles, describe in dulcet tones the glamour of moonlight and balconies and strumming guitars and Castilian caballeros who go about throwing the bull.

RUTH ARNOLD

Wilmette, Ill.

Kappa Alpha Theta

Austin cars and midget golf, kitchennettes and Rolly seem to have been made for Ruthie. Though not the largest gift from Chicago she's one of the finest. We only wish that we could console her since Rolly went a-farming.

HOWARD ASHTON

American Commons Club

Chicago, Ill.

Here we have Denison's own Einstein. If math can help in the crime problem it is hoped that his City Fathers will call on him to overcome the dangers which are apt to befall any resident of Chicago.

ELAINE ASHLEY

Kappa Alpha Theta

Kenosha, Wis.

A good dancer has music in her soul. "Twirp" has proved this, for the soft, thrilling strains of her violin have melted more than one stone heart. Her grades are excellent but Holly says scholarship does not excuse scrubbing potatoes with soap.

CHARLES BAKER

Phi Gamma Delta

Chicago, Ill.

The only living uninitiated member of Kappa Kappa Gamma, coming into the fold only after strenuous persuasion by the "D" Association. If writer's cramp spares his arm, a baseball career is predicted, if not, then International Harvester will claim his executive ability.

DALE BALPH

Sigma Chi

Mansfield

He punches the bag in order to keep fit for his own particular mode of self-expression. That meter of his is the coaxing of a saxophone to emit hot, hot tunes. Here's one saxy Don Juan who's never been pelted with grapefruit—or eggs.

WENDELL BARNES

American Commons Club

Columbus

Twinkling eyes and a ready smile make him one of the popular men-about-town. He published the "D" book and "Y" blotter, is a member of the publications board and sat among the student lawmakers. This year he managed affairs in the Old Brick.

DONALD BLACKBURN

Beta Theta Phi

Toledo

Don's abilities are varied and we wonder that Toledo U. let him escape the fold. He owns a reputation as a notable Y. M. C. A. exhorter and engineers endless projects in the undergraduate program. In between he finds time to "pink" the athletes and to write faithfully to Canton.

RICHARD BLACKBURN

Beta Theta Phi

Cincinnati

One of these strong, silent men, Dick is known as a profound cynic with a quick wit and an alert eye. Aloof from the world, his pre-occupation with the esoteric is enviable. He is our nomination for All-American intramuralist.

Madame Queen

DELBERT BLAKELEY Newark

Del is one of our commuters from the "City of Iniquity." His smile and cheery greetings are missed this semester. We hope he will be back with us in the Cottage next year.

WILLIAM BOOR Beta Kappa Jewett

Something of the man-about-town, that particular Menjou attitude, and a big blue car all go to make Billy a Man of Mystery. He left at mid-year for more widely-dung horizons with promises to return if he couldn't find the Pot o' Gold.

CLARA BOYER Shepardson Club Library, Pa.

Clara pitches a baseball as hard and furiously as any White Sox veteran; when they don't curve right, things happen, and the red haired lassie finds herself leaning against a post and gazing at the dismembered opponents. Nice clowning in the Circus, Clara.

MARGARET BRADTMILLER Alpha Sigma Alpha Fort Wayne, Indiana

Peg's numerous education classes are getting her down. The once broad grin has degenerated into a feeble smile; and then again, the "people" in St. Louis are said to keep her on edge. The Delta Psi preps give Peg a wide berth for she can scent inactivity a mile away.

DURAND BROWN Phi Gamma Delta Detroit, Michigan

The boys at the Fiji lodge have not seen a whole lot of Brow this year. Physics and music are his specialties, with an occasional "time out" for meals with the rest of the clan. His rambling baritone has embellished many a Phi Gam serenade during the past year.

FREDERICK BONHAM Newark

Bonham commutes from Gomorrah in one of Henry's new roadsters. We've paused at times to wonder what its curtains might conceal—but there's no answer. He has come back, after a year in the eight-to-five world feeling that the Sage was right when he said, "You can't beat these college hours."

MARIAN BOWMAN Delta Delta Delta Cleveland Heights

Marian is fond of wearing red and quoting statistics from a sociology book which she carries about. It's not so good to be known as the money-grabber of Y. W. but Bowman looks the part only when she puts on the specs and frowns.

GEORGE BOYD Beta Theta Pi Findlay Lake, N. Y.

He wants to be an aviator. When the faculty frowned upon his suggestion that a glider club be formed, he satisfied his longing to take wings by going out for pole-vaulting. We know five girls who go to meals up hill to have sugar with their coffee.

MARGARET BRAKEMAN Shepardson Club Oil City, Pa.

For two years Peg cooked up queer messes in Chemistry lab and broke an appalling number of test tubes. Her present occupation is trying to discover how many curves an amoeba can develop. The result of all this has been an irrepressible grin over which Peg has no control.

PEARL BURGOON Shepardson Club Mt. Vernon

Pearl's scientific bent has led her deep into the intricacies of higher math, whence she derives an increasing stream of A's. Gilpatrick boasts a new coat of paint, freshmen wear lower heels and sign out improperly since Pearl has been there.

R.I.P.—"AL"

Classes

CARL CAPEN

American Commons Club
Indianapolis, Ind.

Carl is an aspiring missionary and perspiring songster. We do know, however, that we like his singing. There is one thing that we still have to find out about Carl—Does he always go over to Sawyer just to see his sister?

SCHULER CARROL

Phi Delta Theta
Granville

Four-star Carroll's list of achievements is no mean compendium of ability. He has evolved the only truly practical system for the classification of the co-ed. He has finished more quizzes first than any student in either Miami or Denison. Besides these triumphs he has written a book called, "How to Have One Date With Lots of Girls."

PILAR CORCES

Shepardson Club
Tampa, Fla.

After years of careful research we admit that the number of Spanish words "Midget" can rattle off in a minute is inversely proportional to her size. Pilar is the despair of the gym department; she has shot all the archery targets full of holes.

ARTHUR DARROW

Phi Delta Theta
Granville

"Managing Mary" is reputed to be the title of the book which is soon to be ready for the press. Its author has had years of experience at managing—some of his charges have been the local high school, the Inn, Aduym, Publications Bureau and his class.

LINDA DAVIS

Kappa Kappa Gamma
Newark

A flock of A's from the economics department cause one to emit a stunned "Oh!" and stop a bit to consider the situation. There is a dawning realization that Benito has not done his best for Vogue. We appreciate Linda's flair for sport clothes.

HELEN CAPEN

Chi Omega
Indianapolis, Indiana

Helen has done good work as a loyal member of Y. W. C. A. Her cool blondness is undisturbed by any ruffle of temper and one may hazard a guess that something of the far away country which Helen claims as a birthplace may have instilled this placidity.

ELEANOR CHESNUTT

Kappa Kappa Gamma
Cleveland Heights

If it hadn't been for Bingy's gaiety, the production of Tre-lawney would have been a dreary business. She dances like nobody's business at all, and she can play an accompaniment on the piano to her own singing. Though she expresses some radical ideas she seems to remain loyal to the folks at home.

HELEN COWMAN

Greenfield

Johnnie has made some of those miniature stage sets for Dramatic production and we guessed correctly that she used to be fond of dolls. Her work at pageantry this year yielded results which the populace is still acclaiming. Johnnie's connection with poetry and prose would make a wonderful pun.

CHARLES DAWSON

Alpha Theta Sigma
Cleveland Heights

Chuck is the rare thing, a natural comedian, and he was an unqualified success in last year's Revue. No wonder the Alpha Thetas are always smiling! It is said that he knows more about the Prisoners of Parsons than any other man in school. They can thank Heaven that gentlemen don't blackmail!

GABRIEL DeCICCO

American Commons Club
Youngstown

As far as we can tell, "Chic" is not the Gabriel who guards the "Golden Gates." If he were he would probably follow his interest in electricity and try to get them "lit up."

—“Bugs”

FREDERICK DETWEILER

*Alpha Theta Sigma
Granville*

'Ossie,' atlas salesman de luxe, has returned to the fold. He tells us that his reason was to break his own record for chapel-bucking, but that blue-eyed Alpha Phi on Granger Street probably had something to do with it.

DOROTHY DEUTSCH

*Kappa Alpha Theta
Cleveland*

The bridge tables in Beaver are draped in black. Dottie went off to Western Reserve at mid-years and we only see her on week-ends. She was responsible for the finest W. A. A. parties in years and the committees on which Dottie served are wandering about headless.

MARIAN DUNCAN

*Alpha Sigma Alpha
Ostrander*

Here is a Spanish major who can chatter in French with equal ease. Her major is Romance Languages—we mean French and Spanish, of course—and she plays the piano beautifully. The sparkle in her big brown eyes is a rare thing—we hope she'll never lose it.

MARY ELIZABETH EDDY

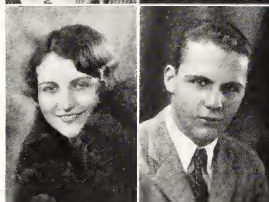

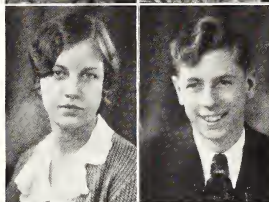

*Kappa Kappa Gamma
Granville*

Much of Mary Liz's time is taken by debate and W. S. G. A. meetings. She also has a red "D" for mute attestation of many hours spent in the ladies gym. Although a resident of Granville, Mary Liz favors her present abode of Sawyer Hall.

PAUL EVANS

*Beta Theta Pi
Hamburg, N. Y.*

Here's your versatility! A politician of note, manager of Granville's first and only Lyceum bureau, agent for a laundry and dry-cleaning corporation, and a staunch member of the Stone Hall Auxiliary—what more can this wizard include in his schedule?

OLLIE DETWILER

Goldfield, Nevada

Long hours in the Chemistry lab have not stilled Ollie's caroling which usually occurs late at night and urges her neighbors to look for a weapon. There is an aloofness and mystery about Ollie which makes one wish to learn more about her.

STAN DREWS

*Alpha Theta Sigma
Cleveland*

It isn't "Smoother's" past that concerns us; it is his future. Besides polishing apples, his favorite hobby is aviation, which he restricts to "Blimps" (just dial 4621). We contend that he will get along, blow foul or fair.

ROBERT EDWARDS

*Phi Delta Theta
Granville*

Methodical Bob never will forget the padding he received for getting on A minus and ever since he has studied so hard that he can tell you the value of the "pectentibranchialis" in German. Being a Phi Beta, he tells us that he hopes some day to be called "Professor."

FREDERICK EVANS

*Sigma Alpha Epsilon
Newark*

Back in the flock after a year and a half, Ted has settled back into the scholastic routine with an infinite ease. His chief occupation is Newark and his address book has some of the best entries we've seen.

THEODORE EVERITT

*American Commons Club
Lancaster*

Ted is seriously thinking of following the medical profession. He is considering leaving us next year to stare at blushing corpses in Duke University's School of Medicine.

Prom Willis

Classes

BERTHA FANG

Kashing Chekiang, China

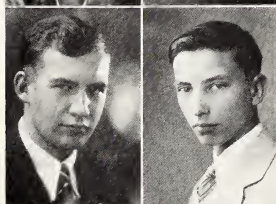

Bertha busies herself with Jaw Bones, World Fellowship, Cosmopolitan Club and Sociology. Ask the Eastern Cottagers how safe and delightful a haven is Bertha's room during the storms which frequent that vicinity.

LOWELL FINLY

Alpha Theta Sigma
Millersburg

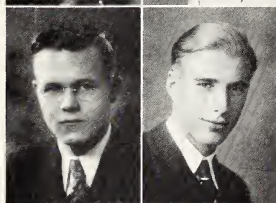

"D" has two passions, blondes and bull-sessions. His greatest problem is deciding which shall be his vocation and which his avocation. Dame Rumor has it that his fraternity brothers (God bless 'em) are betting two to one on the blondes to get the vocational call.

MILTON FITCH

Sigma Alpha Epsilon
Granville

As skipper of the Adytum, in fathering the Publications Bureau, and in sheer inherent organizing ability, Milt puts Mr. Hoover to shame and "that's official."

RICHARD FREED

Phi Delta Theta
Dayton

He won his "D" in foot ball four years ago. Since then he has been working in Dayton. But he came back to us to get the rest of that horizon-broadening which is the aim of this placid college existence.

THOMAS GABELE

Beta Theta Pi
Norwalk

Possessed of the unusual combination of athletic and scholastic talents, Tom has quietly made his way about the campus to find himself, at the end of his junior year, one of the leaders in the student body. He is also a srenader "de luxe."

EDWARD FELLMAN

Phi Gamma Delta
Milwaukee, Wis.

Although the drawing-board has claimed much of his time, Ed has kept the grass short between Beaver and the Phi Gam house. "Chic" is the word! It has been easy for him to uphold tradition, for he was a fashion plate even before he gained the Purple.

EMERSON FISHBAUGH

Beta Kappa
Newark

Here's an enthusiastic man of ability who shuttles between the little white house on the side of the Hill and Five Points. He holds the record for fast and furious thumbing, possesses a contagious chuckle and whimsical smile which bespeak his merry mood.

FRED FOSTER

American Commons Club
Newark

Fred hails from nearby Hebron, but we like him anyway. He is getting his education along the lines of education and he also knows a thing or two about physics.

LOLA FRANCIS

Alpha Phi
East Chicago, Ill.

Lola was right on hand last fall making Freshman girls feel at home before they had a chance to write Mother. She is active in Y. W. C. A., Orchesis, and even finds time to take walks with Lee every night or so.

MURRAY GAGE

Delta Psi
Johnstown

Murray's own brand of synco-pation contains something which sets people dancing and makes them ask for more. One poetically inclined person described her hair as "blond, like a ripe wheat field, with the sun shining on it." Howard probably never thought of this.

Model A—Nist

LOUISE GIFFIN
Shepardson Club
Granville

When one of Weezie's hard hit hockey balls finds a mark the result is "ouch!" in spite of shin guards. Every night at ten in Beaver she bobs through the parlor with a sympathetic "Time to close up" which does not always get immediate results.

FRANCES GUCKERT
Kappa Alpha Theta
Granville

Music and journalism are Frank's indulgences. Unless someone stops her she will probably steal Nina Wilcox Putnam's public and inevitably build a patio near Hollywood. She comes to college in something which looks green when it isn't travelling too fast.

ALETHEA HANSON
Kappa Kappa Gamma
Mt. Vernon, N. Y.

Lee has gained notoriety for her ability to manage things—particularly W. A. A. circuses, finances, chicken barbecues or one-pot hikes. Boys, here is a girl who can start a fire when the wind is blowing and use only one match!

ERNA HART
Chi Omega
Bexley

Erna admits that the golf bug is not to be eliminated once it gets a start. Her progress along this line is resulting in quite a collection of cups. In summer time Erna buries her chemistry books, goes to the wildwood, and teaches Girl Scouts how to track imaginary bears.

NEALE HOLLINGWORTH
Lambda Chi Alpha
Granville

Neale and Peg middle-aided it in March—the first of the season's weddings. He's an ardent McFaddenist and praises the health-giving merits of swimming.

Vice-Prexy Peg

HARRY GRADY
American Commons Club
Cleveland

Sweet Rosy O'Grady is one of the sweetest things on the cross-country team. He is majoring in personnel work and his preparation takes him quite frequently to Stone hall. This brings him in close contact with Women's Student Government and so far we have not known him to be campused.

LOWELL HAMILTON
Alpha Theta Sigma
Mansfield

"Ham" is our foremost candidate for the long-distance sleeping championship. He admits that maybe Edison can get along on four hours of sleep a night, but not Ham. Why, he even signed up for two extra courses this last semester in order to be able to get in his regulation amount of sleep.

LUCILLE HARRIS
Alpha Sigma Alpha
Centerburg

Here's one of those Latin majors—also an archery and volley ball expert. Lucille thinks there's no place like home but we wonder if she spends all those week-ends seeing the family. She is one of the few girls on campus who never passes anyone by without a "Hello."

KATHRYN HOFFMAN
Sandusky

Kathryn is a pre-medical student and is doing excellent work along that line. Her hobbies are long solitary hikes in the country and giving finger waves to those unfortunates whose hair resembles that of Jackie Coogan.

CARYL HUGHES
Delta Delta Delta
Chicago, Ill.

Having decided that globe-trotting becomes tiresome after a time, Caryl has settled down in Granville for a time. Here is unquestioned authority on how the Swiss make cheese and the number of signed Rembrandts in existence.

Classes

ADOLPH HUMLICEK
American Commons Club
Chicago, Ill.

"Grumble" is working along the line of economics with political science as a side dish. If you ask him what the secret of his success is, he can answer you in one word, "Woman."

FRANCES HUTCHINSON
Kappa Alpha Theta
Newark

"Frankie" has proved herself an ideal hostess at teas and parties because of a genuine sweetness and charm which are irresistible. If the Betas had seen her before adopting a sweetheart song about blue eyes they probably would have changed the adjective.

THERESA JANKIEWICZ
Utica, N. Y.

Theresa came to Denison this year from William Smith. It's strange how people from Ithaca seem to meet in Granville. Every afternoon finds her in the Chemistry lab, she being scientifically minded.

HAROLD JOHNSON
Alpha Theta Sigma
Mt. Vernon

"Hal is the mystery man unmasked. He sees all, knows all, and hears all, with the emphasis on the 'sees all.' Ask Parsons about that. His spare time is devoted to improving the relations between Denison and Wesleyan, with remarkable success too, we understand.

DOLORES KEADEY
Alpha Sigma Alpha
Centerburg

Dolores has been nominated treasurer of so many different things that she has recently learned the multiplication table in order to be better equipped for such jobs. Her name appears upon the roster of Delta Omicron and Glee Club and the Beaver bridge fiends have claimed her as their own.

ETHEL HURLEY
Chicago, Ill.

Besides making her B.A. in three and a half years, Ethel is the college's prize essay writer. Suggest any word in the dictionary and with a bit of research she will develop it into a learned treatise whether the subject be serious or a mere pot-boiler on Prohibition.

HELEN LOUISE JACKSON
Washington C. H.

Helen can answer quickly and intelligently any question a professor happens to ask—hence an increasing popularity at the knowledge factory. Her rather deep and charming voice has a soothing quality which is particularly effective for the reading of Mrs. Browning's love lyrics.

CARRIE JOHNSON
Newark

Amo, amas, amat. Who says? Carrie can tell you all about the tribulations of Aeneas from the time he made bad faces at the sirens 'til dawn came and he woke up on the floor. She is a little sample of spice and wit which is not at first discernable under a covering of shy reserve.

ELIZABETH JONES
Cincinnati

Who wants to go to Newark? Maybe Betty can borrow somebody's roadster, or if that fails she might take you up on a dare to skate over. A captivating person full of quips and pranks—Betty always reminds one of something very nice—a strawberry parfait, for instance.

MARTHA KEMPER
Delta Delta Delta
Charleston, W. Va.

Kemper's activities might be designated as a series of hobbies; she is very fond of tris, volleyball, resolutions for W. S. G. A., and bad imitations of Abe Lincoln's Campaign speeches—one foot outstretched and her eyes closed. The campus would be a brighter place if people would follow Martha's example and laugh at least nine hours each day.

Class Breakfast

Adytum

ELBERT KENNARD

Phi Gamma Delta
Cleveland Heights

One date each semester and Ken's social season is complete. They talk of someone at home, but airplanes are his hobby, pride, and joy. A good game of golf is an ambition that has not yet been realized, but under the able tutelage of Rathje and Baker, success is guaranteed.

WILLIAM KNAPP

Phi Delta Theta
Zanesville

"Wee Willie" with his seraphic countenance has devoted his summers to persuading magazine readers to pay his laboratory and social fees and his winters to persuading the Department of Biology to help him to be a doctor. He spoke in church and hasn't cussed since.

GLENN KYKER

Beta Kappa
Cincinnati

Actor, poet, man of letters—Glenn is one of the true individualists of Denison. Drama, debating and journalism, have served as outlets for his talents. In our opinion this red-headed hero is a very affable gentleman.

WILLIAM LAYCOCK

Phi Gamma Delta
Chicago, Ill.

"Early to bed and late to rise, makes 'em healthy, hungry, and wise." It has been Bill's motto ever since we knew him. After two successful seasons on the football squad he gave up athletics for the pursuit of higher learning and sandwich making. And then there is a certain amount of sleep that one must get.

RUSSELL LEEDY

American Commons Club
Fredericktown

The world was his oyster but this Blue-point Denison produced the pearl he found. He works at the sem in order to combine pleasure with work and see her more than seven times a week.

PIERRE KLAHSEN

American Commons Club
Chicago, Ill.

"Peter," is a newcomer in our midst. He is Denison's "man without a country," and his intentions are said to be concentrated along the line of the ministry, but we sometimes wonder if he hasn't other intentions too.

RICHARD KRUSE

Sigma Chi
Perryburg

Dick should succeed in the law for which he is preparing—at least he already knows scores of big words which baffle us. Prexy of the Junior Class and a real literary gentleman, he is one of the finest.

HELEN LAWSON

Alpha Omicron Pi
Columbus

Lawson abandoned Denison for Ohio State this semester but we'll have her back before long by hook or crook. Beaver misses her indefatigable wise-cracks which never fail to cause groans, and Bud wanders around looking very solemn, so something's got to be done.

MERLE LEACH

Alphi Phi
Jamestown

Crossed Keys, Eta Sigma Phi, and Masquers are minor incidents in Merle's career. Her whimsicalities such as asking for matches to burn notes and singing Lambda Chi songs before breakfast make us wonder about this school-teaching proposition. Merle is so lovely that one looks—and keeps on looking.

MARGARET LEPPER

Kappa Alpha Theta
Bluffton, Ind.

The Thetas claim that there's not a woman on the campus who can bake a biscuit that can equal Peg's. Besides catering to hungry sorority sisters, Peg manages a balance of sisterly love in those Y. W. meetings and she puts a deal of time into seeing that the machinery of W. A. A. is well oiled.

Demure Martha

Classes

ELIZABETH LEWIS

Shepardson Club
Akron

One of the few girls who could be a good lawyer. Betty is secretary of the Judicial council and Stone Hall needs only a conflagration to prove her an efficient fire captain.

DONOVAN LUDWIG

Sigma Alpha Epsilon
Orville

One of the inter-sorority parlor boys who made good on the gridiron and in the classroom. Six feet of him—and he's loved from Orville to Sawyer via Newark and Columbus. His only regret is that he has but six years to give to Denison.

JOY MACLEAN

Shepardson Club
Waltham, Mass.

Do you have any worries? Tell them to Joy, let her dream over night, and she'll have an intuition for you in the morning. Her poetry is really lovely even though written with the wrong side of a nib. We regret that there are people who insist on reminding Joy of her "hidden passion," whereupon she is observed to blush furiously.

JOSEPHINE MACFARLANE

Lynbrook, N. Y.

Josephine's concern about the stock market situation has led her to major in economics and look inquiringly grave when someone mentions unemployment. Her chief diversions are sleeping late on Saturday morning and putting cracker crumbs in peoples' beds.

BARBARA MASON

Melrose, Mass.

Barbara can tell you anything about Boston—how they bake the beans or what someone said to Paul Revere when he insinuated that the British were coming. She knows a lot about Psychology and keeps it dark, but is willing to enlarge upon the subject of card catalogues almost anytime.

ELOISE LEWIS

Kappa Kappa Gamma
Canton

Here's proof that diminutive femininity makes good debating material. You would not at first suspect Eloise of having such an infectious giggle; she is a demure little girl who reminds one of crinoline and dark red roses.

KATHERINE LUNS福德

Xenia

Kate is a girl with theological leanings, a fondness for tennis and a simply startling ability to pull down grades. Between week-ends at home, this quiet person holds a daily salon in the Stone Hall parlor where her followers garner gems of wisdom from her lips.

DOROTHY McELROY

Shepardson Club
Chicopee Falls, Mass.

From the looks of Dot's room she is supplanting those English courses by research in the Woman's Home Companion and Collier's; but this isn't exactly the case. Some people never grow too old for cutting out pictures.

RUTH MABEE

Shepardson Club
Lewiston, Mass.

At the first hint of spring air Ruth sniffs delightedly and out comes the old tennis racket. The backboard resounds with furious thumps until another enthusiast is attracted by the same disease and goes forth to take a beating.

WALTER MASSIE

Sigma Chi
Edinburgh, Va.

The soft tones of the Old Dominion, the excellence of his vocabulary and his serious attention to rhetorical details have all gone toward making "Massie" Massie one of the oratorical lights of the school.

Dotty Deutsch

One hundred eleven

DORTHY MATSON *Kappa Kappa Gamma*

Lakewood
Dorothy has spent a lot of time with that *Economics* book of late, but things are looking up as the chapters slide by and Spring approaches. Upon urgent request she is writing a pamphlet on "How to Keep Beautiful Blonde Hair Perfectly Waved."

ELIZABETH MAYBACH *Dundee*

Western lost its charm for Betty who came here last year and has already used up most of the sociology courses. Anyone who wishes to borrow a dress or hairpins usually goes to Betty, for she always has an extra supply of everything and offers it with a smile.

GENEVIEVE MERCER *Kappa Kappa Gamma* *Youngstown*

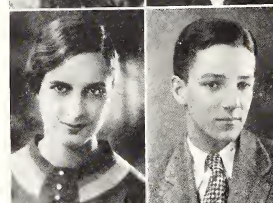

Genevieve's musical ability has led her in the path of Delta Omicron but she is especially prized as domestic instructor at the Kappa House. Show us another girl who can fry an egg from right to left and sweep a carpet without ruffling its temper.

MARION MOHR *Alpha Omicron Pi* *Lima*

Wisdom ever droppeth from the gentle lips of this cynic. Her secrets are as numerous as her friends and her unspoken thoughts should be worth much more than the proverbial pennies.

SUSAN MONTGOMERY *Newark* *Kappa Kappa Gamma*

Here is one who can describe the high-ways and by-ways of Europe in a voice so southern and charming as to render the process practically painless. There are those who will argue about the number of degrees a nose should be tilted for wearing Oxford spectacles but Sue seems to have found the proper altitude.

LILLIAN MAURER *West Lafayette*

The professors should be flattered, for Lillian takes down every single word they say. As a result her points average a mere thirty or so and she consumes a great many cups of black coffee every night because she must stay awake and study.

SELMA MENTALL *Kappa Kappa Gamma* *Cleveland*

She has been on nearly every W. A. A. team for three years, trains on cinnamon balls and olives, has contralto hair and an auburn voice that would melt any man's heart and a recent exposé shows that she is being paid by the Republicans to keep her out of Democratic politics.

JOHN MERKEL *Sigma Alpha Epsilon* *Sandusky*

"I heard-a-boom" Merkel left us at mid-years. He was a social light of the very first water, an intramural leader and one of Denison's real gentlemen. And the Kappas aren't the only ones who miss him, either.

JAMES MOORE *Canton*

Jimmy and Monty merged in the Fall and he left school at the semester. He sang and debated for Denison in the unusual manner—being the lad who produced the proper pitch at Glee Club concerts.

DOROTHY MORGESTER *Chi Omega* *Eden, N. Y.*

Dor's friendliness and unfailing good nature are going to be severely tested when she goes into kindergarten work but we'll bet she could tame Satan's youngest son and make him like it.

More Breakfast

Classes

MERLE MOUSER
American Commons Club
Granville

Merle has returned to the Hill after a pedagogical interlude in one of the county schools. He gives us the impression of one with a genuine Quest—but on occasion his face breaks into a broad grin.

MARY ELIZABETH NIST
Kappa Kappa Gamma
Canton

Here's a girl from Canton who has a wide variety of abilities. First there is Student Government, the W. A. A., next the Denisonian and last, but far from least is Gamma Xi of Kappa Sigma. She drives a Ford about the campus.

EMMA PRETORIUS
Shepardson Club
Dover

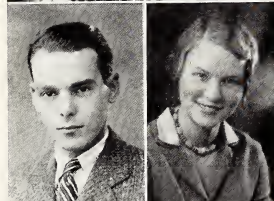

Illustrating consistency plus, Emma has rung the curfew at Burton for three years straight. Her room is a delightful stopping place after a lunch at the sem—you find there everything from Hershey bars to pastel marshmallows.

KENNETH REYNOLDS
Factoryville, Pa.

Ken has left us for some field where his ability to handle "hot shots" will have a greater play. Besides his electrical skill he has achieved scholastic success, and a connoisseur's appreciation of chewing.

RICHARD ROBERTS
Beta Theta Pi
Granville

Coxey was canonized his freshman year for a boner directed at the "D" men. He escaped an after-chapel session by pleading a twelve-thirty class. Besides a quick wit he possesses agility in the dance and is devising several new steps for Tiger Rag.

RUTH MUNN
Kappa Alpha Theta
Cleveland

You wouldn't suspect it, but Ruth is teaching co-eds to climb ropes and swing on rings. She is a model of dignity in public, but the residents of Beaver are collecting statistics about the number of people who are rendered useless by shoes dropping from mysterious heights.

DORIS PALMER
Alpha Omicron Pi
New York City

Jo has spent a goodly amount of time this year in the Psychology lab trying to discover the reactions of white rats to moving pictures; she reports that not even a final clinch caused a wiggling of the ears. She also bats a wicked volley ball and goes about frightening her roommate.

ELMER RANZ
American Commons Club
Trenton, Ill.

Can it be that this tall handsome chap who hails from Illinois is interested in the Ministry, solely? His warm smile has already won him many friends on the campus.

ANNA ROBBINS
Kappa Kappa Gamma
Chattanooga, Tenn.

Anna disposes of a tennis set with the neatness and dispatch which characterize her way of doing everything. She is a real honest - to - goodness blue - eyed blonde; and as to origin—Tennessee seems to be the excuse for dropping g's.

IRENE ROBINSON
Delta Delta Delta
Toledo

"Robby" is one of the campus intelligentsia; she is always willing to lay aside her books of modern poetry (they have such pretty covers, too;) and bravely champion poor Dick Halibutson against an unfeeling public.

Hire A Hall

DONALD ROSSITER
Sigma Alpha Epsilon
Canton

Those decorations at the Prom were Liebenguth's. And this year he has added a serious interest in the Thetas to an already crowded list of undergraduate activities. He divides his executive ability between the Library and the Sig Alph house.

RICHARD SAUER
Beta Theta Pi
Hamilton

Dickey has, in spite of his size, been one of those who have given their best in the way of athletics. He gives us the latest in fashion modes and we can't resist a comment on how well his black hair looks beside that Kappa blonde.

ALBERT SCRIVEN
Lambda Chi Alpha
Cleveland Heights

One of those strong, silent men from the North who is perpetually busy circulating "Denisonians," or addressing the Math Club or Jaw Bones, or struggling with some economics course. He proudly bears the weight of a Pi Delt Key, and has recently gone "air-minded" with the debate team.

HERBERT SHORT
American Commons Club
Hamburg, N. Y.

This will have to be "short" and sweet. Not very short, because he is a six footer and we can't see how he can be very sweet, because he intends to be a professor.

ELIZABETH SMITH
Alpha Phi
Newark

Having examined in quick succession a Pi Kappa Alpha pin, a green roadster and a promising group of Freshmen, Betty has postponed her choice till later. She insists that dormitory life has many disadvantages and that seven o'clock is an ungodly hour for breakfast.

EARL RUPE
Phi Delta Theta
Tippecanoe City

Earl has found someone who dotes on zoology so that he can spend his evenings in pursuit of education. Besides practically signing a contract to love, honor and obey, he has earned a steady flow of large white "D's"—and he sees that the Semites are properly fed.

RAYMOND SCOTT
Beta Theta Pi
Dayton

"Scat" has done more for Denison in athletics than any other man we know. He's been named on all-Buckeye teams in three sports—and that is something. Besides all this he's made several flights to Dayton during the year.

HARRY SHANK
Sigma Alpha Epsilon
Newark

Ohio's home makers who read the Pictorial have made it possible for Harry to drift from one Kappa to another without worrying about the cost of cokes. They say he dances divinely. He left school once to work, but realizing that we couldn't stand that, he returned.

JAMES SHRAKE
Sigma Alpha Epsilon
Canton

His were the official cap-and-bells of M. S. G. A. It will be long before we can forget his caustic quips, his mutuels and his inimitable manner with the gels.

WAYNE SMITH
Beta Theta Pi
Dayton

This rangy pioneer in the field of publicity undoubtedly owes easy checks to the walks from Elm Street to the Beta house and lately to and from the Woolgins cave and Sawyer. He owns a Ford of questionable age and is one of the charter members in the Graftor's Club.

"Big Shots"

Classes

JULIETTE SPENCER

Kappa Alpha Theta
Columbus

Gary looks feminine and delightfully helpless but she is a capable artist and worker. Good looking men seem to flock in her direction with little effort on her part. The Squire don't mind waiting anyway.

HARRY STECK

Lambda Chi Alpha
Granville

Harry's favorite course is golf. His other hobby is travel. He went south with Dr. Wright last spring, and east with West the previous summer. If it wasn't that the courses on the hill break into his pursuit of happiness, he would be quite content with his college life.

ELEANOR STILLWELL

Kappa Kappa Gamma
Bedford

One would never dream that Eleanor takes her basketball in big brave doses, for she is very, very quiet except for an occasional humming to herself. Dickens must have had her in mind when he created "Little Dorrit."

MARGARET THOMPSON

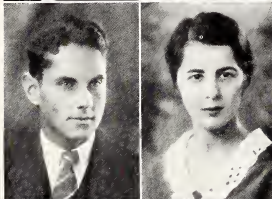

Shepardson Club
Detroit, Mich.

Peg has outspoken every orator the campus has to offer and is looking about for new victims. Her earnest and frequent rendition of "The Shooting of Dan McGrew" has moved many to tears and caused not a few to look about for guns.

CLIFFORD B. TURNER

Kappa Sigma
East Cleveland

Here's a smooth but often retiring gent who prespires to be an engineer. He is well liked everywhere, including the Kappa Sig house where he is steward. East Cleveland where he is known, and the two dorms that he visits occasionally.

DOUGLAS BURT

Phi Delta Theta
Salem

Doug's gift for surveying has earned him an instructorship in Engineering. His eye for advertising has made him indispensable to the Publications bureau. His exquisite repertoire of songs has made him famous as a serenader. "Hey, Sparkie!"

MARJORY STEVENS

Kappa Alpha Theta
Dayton

Her almost inhuman ability to assimilate differential calculus is a source of wonder to most of us and a source of joy to the Adytum Staff who certainly need mathematicians to balance their books. Her brown-eyed charm contains something wistful and pensive which is fascinating, especially to Eddie.

GEORGE STOECKMAN

American Commons Club
Ablamen, Wis.

George has entered the portals of Denison this fall for the first time and is intent on seeking a broader outlook on life. SEVEN—931

LUCILLE TRUAX

Columbus

With Jack away Lucy whiles away her time reading the minor poets of indefinite periods and waiting for the mail. Sometimes the strain becomes too great and one finds her in Stone Hall parlor playing mournful ditties or parodizing "Brighten the Corner."

JAMES UEBELHART

Phi Delta Theta
Canton

For three years Jamie had eyes only for Philosophy. Not until he had earned his Phi Beta key and Masquers opened his eyes did he admit Woman to his heart. But Gad how he fell! He's kept those awful Phi Deltas in hand for a whole semester, too.

Au Revoir

ROBERT VAN VOORHIS

Beta Theta Pi
Newark

Bob is a bit ahead of us in clothing styles and neckties. It is rumored that Bobby is soon to be given another Sab-batical leave. Last time he studied in Bond Street and Montmartre. He has joined the Brotherhood of the Faithful now, since that Jane has come to town.

LAWRENCE WARD

Lambda Chi Alpha
Waterville

Larry makes tracks in the cin-ders to please Livy and to Beaver to please Ruth. We might make a crack about those nine o'clock English classes but we won't. Why she allows him to risk his life among combustible chemicals is beyond us.

CHARLES WELLING

Dresden

Welling has majored in chem-istry and written what is con-ceded to be a remarkable thesis on the subject. He earned his Phi Beta key this year and will one day bring honor to these walls.

WALTER WILLIAMS

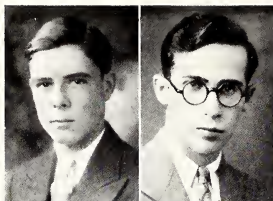

Lambda Chi Alpha
Willard

"Willy" is the third man from home to hold the chair at the Lambda Chi house. He holds the Denison high jump record. Though his smooth appearance and retiring manner attract the feminine eye, he spurns it.

MRS. BERNICE BOSTWICK

New York City

Mrs. Bostwick has returned to earn her degree after having been away from the scholastic at-mosphere for several years. With one eye on the books—which she hits with marked success—and the other on Earl and Mort and that Stutz, she's what we call one busy woman.

PROSE WALKER

American Commons Club
Dover Plains, N. Y.

We all have to agree that Prose is a far-reaching young man. Anyone who disagrees should take notice of the contacts he has made with his wireless. Maybe Prose isn't fast, but we must admit that he surely has covered plenty of ground.

J. HARVE WASHINGTON

Kappa Sigma
East Cleveland

His three years here has taught us that absence makes the heart grow fonder, that distance and a green roadster lend enchantment, that affairs of state can be settled by a shrug of the shoulders, and that Dame Fortune smiles on he who runs, but not too fast.

DOROTHY WILEY

Kappa Kappa Gamma
Granville

When she isn't making speeches Dot may be found dancing at the gym or demonstrating a splendid back flip into the pool. She looks especially nice in that blue beret which matches her eyes and covers only half of the curls. And how she watches the western mail!

WILLARD WILLIS

Beta Theta Pi
Wellston

Speed's chief contribution to posterity was the bearding of the college ogres in their lair and emerging with official permission for the first Junior Prom. It was Speed who, with all of his other activities—class meets, Adytum Board and what not—was responsible for the Prom's success.

FREDERICK SWEET

Phi Delta Theta
Granville

It took four high schools and Brown to produce this lean and curly chap's amiability. He's played tennis with young T. R., has been shot at and knifed, speaks and writes with equally fluent ease and has made sand-wiches for the close-guarded co-eds.

ORGANIZATIONS

Organization is the key note of Denison undergraduate campus and social life. ABOVE: Swasey Observatory on the Hill.

The national and local honoraries represented on Denison's campus rank second to none in the country for entrance requirements.

SWASEY CHAPEL is the outstanding building on the Denison campus

BARNEY SCIENCE HALL is the scene of many departmental meetings

The Adytum, the Denisonian, and the Publicity Bureau lead the publicity activities. Pi Delta Epsilon is very active.

"D"

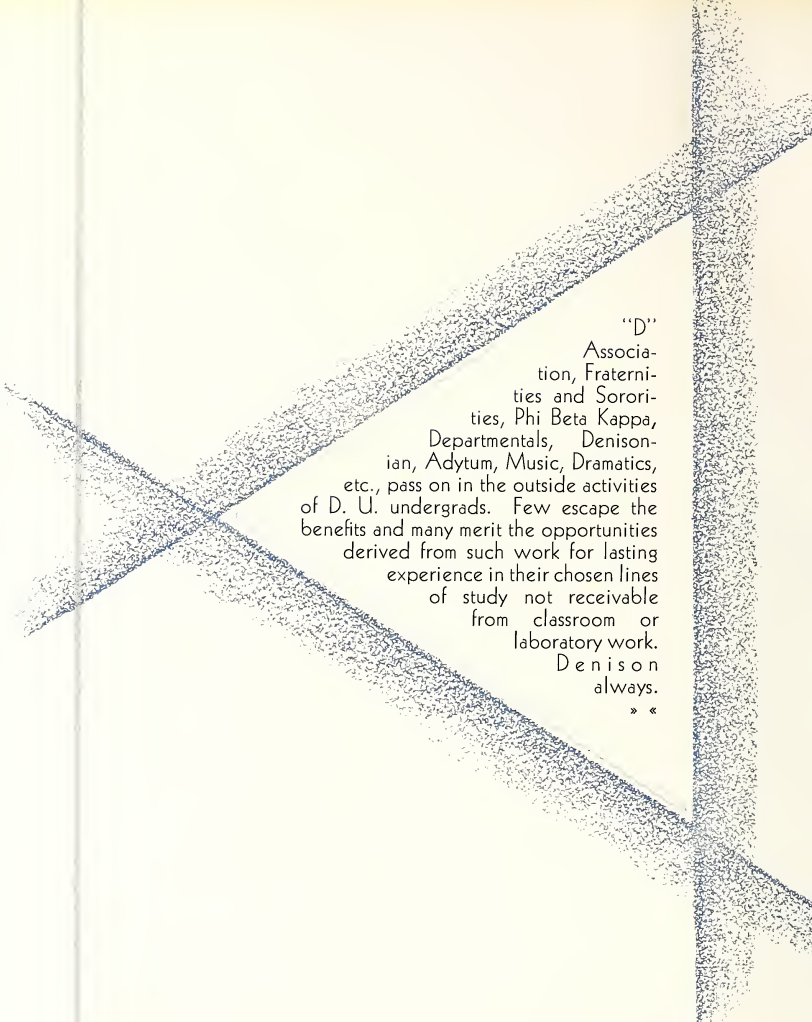

Association, Fraternities and Sororities, Phi Beta Kappa, Departmentals, Denisonian, Adytum, Music, Dramatics, etc., pass on in the outside activities of D. U. undergrads. Few escape the benefits and many merit the opportunities derived from such work for lasting experience in their chosen lines of study not receivable from classroom or laboratory work. Denison always.

» «

Fraternities and Sororities play a large part toward the fulfillment of the hope for a much better Denison.

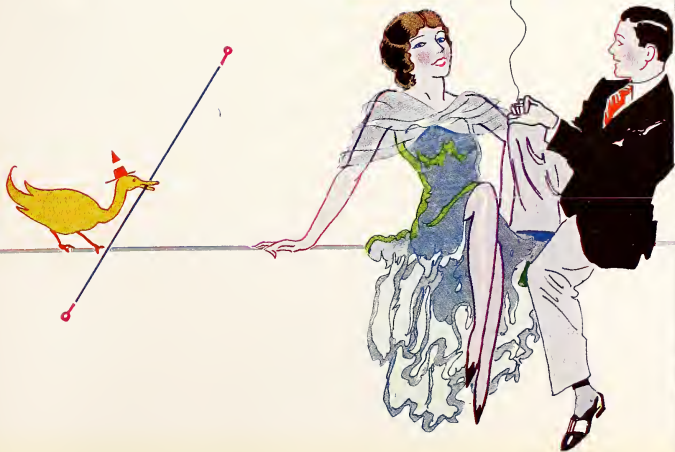

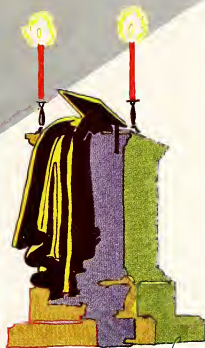

Masquers, in co-operation with the department of Speech has placed drama on much higher and more artistic planes.

"D"
Association, Fraternities and Sororities, Phi Beta Kappa, Departmentals, Denisonian, Adytum, Music, Dramatics, etc., pass on in the outside activities of D. U. undergrads. Few escape the benefits and many merit the opportunities derived from such work for lasting experience in their chosen lines of study not receivable from classroom or laboratory work.
Denison
always.

» «

Under the expert direction of Prof. Karl H. Eschman, the Denison Conservatory of Music plays a big part in the art of undergrads.

Gathering real experience for graduate life has been part of the help derived from departmentals and class honoraries.

THE Pan-Hellenic Council controls the affairs of the ten fraternity groups on the campus. Composed of representatives from each of the groups, the council at its regular meetings at the various houses decides points at issue between the fraternities, passes legislation determining pledging methods, etc., and a friendly spirit between the chapters.

FORMED for the purpose of creating a finer spirit of friendship and co-operation between the nine sororities on the hill, the Inter-Sorority Council is performing a valuable service to the life of the university. The council includes representative members of all the chapters and holds regular meetings at the houses. Rushing policies, matters at dispute, and all such affairs are dealt with in these meetings.

The knickered owl still represents the Phi Gam to us. The new house was constructed, it is rumored, so that the Phi Gams could have a home worthy of receiving the Thetas when their social obligations are being fulfilled. We'd like to see more of them on the faculty, 'cause they're all good eggs.

With the adoption of Oscar the Phi Deltas took the first step toward giving the fraternity system an excuse for existence. They still feel that Armstrong might have taken at least one sock at the thief—and it's said that the only excitement in the barracks comes when Whitey pays his monthly visit.

The tall-pillared house on Fraternity Row is inhabited by the well-known Sigma Chis. One of America's leading track stars, a few stage stars, a handful of Glee Club members, and a junior class president are all loyal Sigs. Our Sig man is quiet, prominent, but not in the aggressive manner, and usually rates with Shepardson students.

One may look for the Kappa Sig in numerous places of prominence: e. g., front row in the Opera house, corners of the Hut, most seclusive spot on Sugar Loaf, or the leading sorority social events. We bow to these Kappa Sigs, they must have "if."

"The best looking sorority house on campus" is the reputation the quaint, colonial house on Mulberry Street has won for the Thetas. However it isn't the house that makes the group. This year proved no exception in the Theta's practice of holding big offices and even this didn't keep them from ranking first in scholarship.

There are more Oxford glasses, more athletes, more politicians, more "It" girls per Kappa in the Cherry Street house than in any other house in town. As an extra attraction they have one of the Aetym Queens. We can see exactly why the Kappa Sigs and Betas swarm down there like flies around a honey-pot.

What with Mary Kit's darkie crooning, Lou Eisele's red hair, and the green envy in some customarily blue eyes, the Alpha Phi Deltas are a colorful group of girls. Their pet hobbies are Phi Deltas and a good time. Their Spanish patio, it's said, is especially adapted to the informal house-dance.

The "true sisterhood of Chi Omega" is really put to the test by their having the only three sisters in school—two of them being twins. A lost front door key is a serious thing when it comes to parties. Sweet, demure, and friendly are adjectives which aptly describe a typical Chi O.

The Denison chapter of Beta Kappa, though awarded its charter only last year, has made admirable progress in carving for itself a niche in the campus scheme. She owns dramatists, musicians, and journalists who are doing more than the infant's share in furthering the name of the University.

In Lair, McCracken, and Kyker, the Beta Kaps have three of the biggest men in school. There was a dorm cottage near them the first semester but now in spite of the distance they still keep social obligations well in control, and masterfully dedicate their portion to dramatic, literary, scholastic, and athletic talent.

After handing in their Alpha Sig charter, the former Alpha Sigma Alpha girls became known to us as Delta Psi's. We sincerely hope that they will have as much luck in their new local as they did in their educational sorority. Before very long we expect to see them successfully petitioning some national.

Our newest local, Alpha Delta Sigma, is not very well known to us. However, it must be a scrappy, peppy bunch of girls brave enough to face all the obstacles of starting a new sorority. The Alpha Deltas have given a real service to the school by creating a wider opportunity for girls to join sororities.

Variety is the spice of life! At least the Alpha Deltis seem to think so. Just think—they have a Phi Beta, a debater, a great swimmer, a prominent journalist and a dramatist of renown. Not bad for a baby sorority, is it? A typical Alpha Delt is one who is not afraid to work for what she wants, a good sport, and an activity girl.

THE BIOLOGY CLUB was completely reorganized at the start of the school year, new officers being selected and the membership enlarged. Bi-weekly meetings have been held most of which were addressed by students or Dr. Lindsey, who conducted a lecture series on "Evolution." Membership is open to students majoring or minoring in biology or others especially interested in the subject.

THE many duties which customarily fall to the Y. M. C. A. were performed capably by the cabinet in cooperation with the entire membership. The "Y" sponsored the "D" handbook, the student directory, and the freshman "Hello" meeting in the fall. A feature of the "Y" work this year was the fine management of the annual Week of Prayer service.

Social work in the various charity institutions about Granville has occupied much of the group's time during the past year. Most important among the "Y" duties is the sponsoring of Freshman "mixers," providing big sisters for the new girls and acquainting them with the ways of Denison. Cooperating with the "Y M" group, the women aided in the Week of Prayer and assisted in several of the chapel religious services.

The Granville debating group has made remarkable strides during the past three years in the field of intercollegiate forensic work. Among its members are some of the ablest undergraduate speakers in the state. They have met with gratifying success in their debates both at home and abroad. Besides the regular Duckeye schedule they have met teams from Carlton, Bowdoin and Lawrence Colleges. Any man who can prove outstanding ability in competitive oratory may belong to this group which is ably coached by Professor Lionel Crocker of the Department of Speech. Outstanding members are elected to Tau Kappa Alpha, national forensic fraternity.

Treasurer.....	Alethea Hanson

Minturn, E. Jackson, H. Detweiler, M. Thompson, Hanson

The Women's Student Government Association is to the members of Shepardson College what the M. S. G. A. is to the students in Granville College. Unlike the men's group, however, it is divided into two branches: the Judicial and the Executive councils. This division was formed three years ago in order to simplify the workings of the Association. The Judicial Council handles all cases of discipline which may arise among the members of the body while the Executive branch of the organization concerns itself with the administration of policies, directs its contacts with the Faculty and with the officers of the men's group. In co-operation with the men they put on the "General Jam," take charge of Freshman Week, Scrap Day and other all-college affairs.

Roderick, G. Bartlett, Schneider, Winchester, Flory

The Men's Student Government Association includes every man in the undergraduate body. Each Spring the officers for the succeeding school year are elected by ballot. The chief aims of the Association are to maintain a democratic form of undergraduate government and to foster good-will between the faculty and the students. If, and when, differences arise between these two groups, it is the function of the officers of the Association to meet with the Faculty in order to settle the questions to the best advantage of both. Aside from its governmental aspect, the Association sponsors the "General Jam" in co-operation with the Shepardson governing group. This year the two Associations abolished the often-maligned Honor System and altered the traditional Scrap Day procedure.

The members of the Board of Control of Music are responsible for the conduct of the undergraduate musical organizations such as the Men's Glee Club, the Varsity Band, and in cooperation with the women's board in matters concerning the Denison Orchestra. They are chosen for outstanding achievement in musical matters at the same time as Student Government elections.

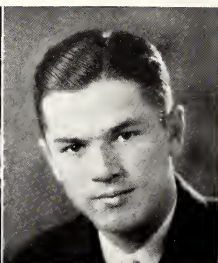

The Board of Control of Debate and Oratory was established to manage all of the forensic activities of Granville College. They oversee the selection of teams to represent the University in intercollegiate debating contests, arrange for the entertainment of visiting debaters and sponsor the annual oratorical contests.

Boards

The Board of Control of Athletics is composed of two members who are elected each Spring at the general balloting for student government officers. The men who sit on the Board are prominent in athletics and work with the department of Physical Education in determining the policies of our intercollegiate sports program.

The men who sit on the Board of Control of Publications are elected by popular vote to direct the destinies of the Adytum, the Denisonian and the minor publications which are distributed during the year. Its members are chosen because of unusual ability shown in work done on any of the undergraduate publications projects.

Membership in Masquers is open to members of all four classes who have shown ability in dramatics in any of the official productions. Election of new members takes place immediately after each of the first two Masquers' plays.

Trelawney

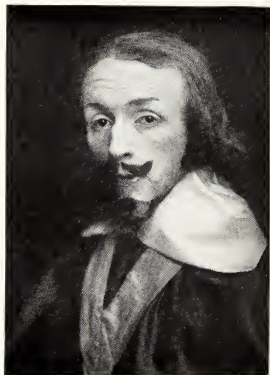

TRELAWNEY of the Wells," certainly not one of Sir A. W. Pinero's best bits of dramaturgy, was an incongruous piece for the Masquer facilities. The drama dealt with the metamorphosis that took place in the theatre late in the 19th century from the "stagey" technique employed then to the present one of direct simplicity. Miss Florence Linder played the principal feminine role of Rose Trelawney, and received capable support from Gene Wolfe and Robert Bridge.

A DRAMATIC season that displayed but one single outstanding performance saw Masquers in cooperation with the department of Speech present four plays of memorable merit—plays, nevertheless, of dependable attraction in "The Queen's Husband," "Trelawney of the Wells," that exceptional piece, "The Living Mist," and the commencement play, "Holiday." Added to these strictly student full-length plays was the presentation by a combined cast of Denison faculty and Granville residents of the period play, "Richelieu," as well as the presentation of several shorter features, including "The Boor," which was the national contest play in which Masquers won the prize for diction at Evanston.

"The Queen's Husband," the first production of the season, won initial and lasting honors as the best "theatre" presentation. Written by Robert Emmet Sherwood, this play was ideally adapted to college actors and audiences. Flavored with the typical Sherwood humor, the play was capably handled by Betty Lee Hoffhines, a freshman enacting the feminine lead, Glenn Kyker, a junior playing the title role, and others including Carolyn Bellamy, who as the queen, came close to stealing feminine honors, Leonard Van Dusen, as the blustery General Northrup, and Hazen Armstrong as the intellectual leader of the mob insurgents.

Richard Woellhaf

Director of Dramatics

(In the title role of Richelieu.)

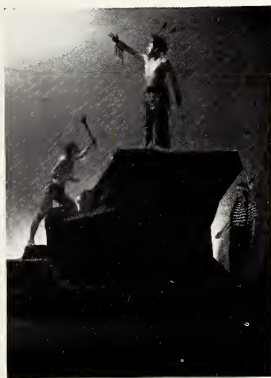

Plumbers

Organizations

THE first of an intended series of faculty-townspeople dramatic productions was Lord Bulwer-Lytton's version of the oft-played "Richeieu." This author's adaptation stands as the accepted one among present thespians and in the hands of Richard Woellhaf, who directed and played the title role, the play was given an acceptable performance. Director Woellhaf obtained the most from a script dealing with the intrigues of the famous prime minister during the reign of Louis XII.

Ralph Allen

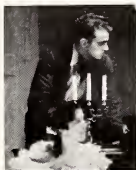

in

"The Living Mist"

THE season in perspective shows no greater progress taken by Masquers than along the lines of theatrical presentation. It does reveal in addition, however, the tendency to step out of the dramaturgic bonds that have often attended selection of Denison plays in the past. Aided by new technical equipment, by their splendid director Richard Woellhaf, and the cooperation of Mrs. Richard Woellhaf, who designed excellent costumes for each performance, Masquers and the department of Speech can consider its season as the consummate cementing of its foundation laid last year—insuring of better things to come.

The feature presentation of the year was Richard Woellhaf's and Ralph Allen's production, "The Living Mist." Not only written as a vehicle for Allen's dramatic endeavors, the script succeeded in weaving into the effort something of the poetry of the subject. Woellhaf, who was responsible for the major part of the script, handled the ethereal thesis delicately. The staging of the scenes, the manipulation of lighting effects, the symbolism of the Indian rites, the beauty of the aesthetic dancing, and the singing of Allen in the lead role were as good as Denison theatre-goers have been privileged to see or hear in the past.

EDITOR MILTON FITCH and Business Manager Arthur Darrow have tried to offer in the 1931 Adytum, "the new book for the new century," the most complete and most attractive Denison annual ever published. With the co-operation of the '30 staff members, who were selected in competitive tryouts, they have introduced new features, new lay-out schemes, new effects that should make this Adytum a fit commemoration to the 100 years of Denison's existence.

PUBLICITY DEPARTMENT

With a policy, "if it happens at Denison, it's a front page story," the Denison University Publicity Department has changed the Granville institution from "just another Ohio college" to an outstanding American university in the publicity field.

Under the capable direction of Instructor Don Wilder, publicity this year has proven an asset to the university. Working with Mr. Wilder are two student assistants, Lyman Ford and Clarence Sweetland.

The Publicity Department works with the Press Association. This enables every daily Ohio newspaper and some out-of-state dailies to be covered with Denison news by special correspondent.

Besides the regular news events that every college possesses, the Publicity Department has filled the home town newspapers with information of their students at Denison. The department has also sent stories with photographs of various campus events. A bulletin board, containing all the stories sent out by the department, has been maintained in Doane Hall.

Features

The diagram consists of seven circular faces arranged around a central point, each connected to it by a line. The faces have various features: a graduation cap, a diamond, a mustache, a single eye, a closed eye, a wide smile, and a sad expression. Below the diagram are two photographs of a store window display for 'JOLLEY'S'. The display features various items, including a hat, a bag, and a sign that says 'JOLLEY'S'. The Greek letters $\kappa \Sigma \Pi$ and $\Lambda \Sigma \Sigma$ are visible on the display.

THE HUT

Swasey Observatory

FRIDAY chapel was abolished to make place for Brayton Starke's soothing symphonies—thereby keeping up "Denison's reputation as a matrimonial bureau," more engagements being announced this year than any other year heretofore. The new Drag was opened and the "Road Closed" sign put up. The Opera House was remodeled and new seats put in so that Coach Rich could come to town and half the team could go to the hospital after the first scrimmage. And—everybody ate at the Hut—as usual.

CATASTROPHES came to both Deans this year—one's house burned down. Two new sororities were established and one other got democratic enough to go national. The Phi Deltis inaugurated the army pledging system. The Big Red came within a half dozen baskets of being all B. A. A. basketball champs, and within a half dozen games of doing the same in football. Five queens were chosen this year instead of one because Denison needed more publicity, and while Don Wilder was shanghaied into the job of Faculty Filter, thereby bringing much embarrassment to those aspiring journalists who were wont to pick up a penny here and there, crooked elections as usual, with the same results on the revote—as usual. A new Ad-graft club was organized, which may be the reason why some undergrads ride around in Packards this summer. The first Junior Prom was given instead of the usual limb exhibit.

THE SOCIETY OF THE ALUMNI

JOHN L. BJELKE
Executive Secretary

V. ERNEST FIELD
Alumni Council Chairman

FRANCIS W. SHEPARDSON
President

FOUNDED June 28, 1859, with William P. Kerr, '45, as its first president, the Society of the Alumni has increased the scope of its service until today it is performing the major duty in the building of the Better Denison. Through the medium of a monthly bulletin, and the branches of the Society which have been organized in all principal cities, the leaders of the body are working to promote graduate interest in the Denison of today.

UNDER the guidance of John J. Bjelke, who has been Executive Secretary since 1925, the Society, including in its membership all graduates of the university, has come to exert more and more influence in the affairs of the school. Dr. Francis W. Shepardson, national president, and V. Ernest Field, alumni council chairman, direct the affairs of the Society. That the typical Denison alumni is loyal throughout life to his alma mater is a fitting evidence of the great work the Alumni Society is doing.
